Human Biology 12th Edition Mader:

Biology Sylvia S. Mader, Dr., Michael Windelspecht, 2015-01-05 THE MADER WINDELSPECHT STORY The twelfth edition of *Biology* is a traditional comprehensive introductory biology textbook with coverage from Cell Structure and Function to the Conservation of Biodiversity. The book, which centers on the evolution and diversity of organisms, is appropriate for any one or two semester biology course. *Biology 12th Edition* is the epitome of Sylvia Mader's expertise. Its concise, precise writing style employs lucid language to present the material as succinctly as possible, enabling students, even non-majors, to master the foundational concepts before coming to class. Before You Begin, Following the Themes, and Thematic Feature Readings piece together the three major themes of the text: evolution, nature of science, and biological systems. Students are consistently engaged in these themes, revealing the interconnectedness of the major topics in biology. Sylvia Mader typifies an icon of science education. Her dedication to her students, coupled with her clear, concise writing style, has benefited the education of thousands of students over the past three decades. The integration of the text and digital world has been achieved with the addition of Dr. Michael Windelspecht's facility for the development of digital learning assets. For over ten years, Michael served as the Introductory Biology Coordinator at Appalachian State University, a program that enrolls over 4,500 non-science majors annually. Michael is the lead architect in the design of McGraw-Hill's Connect Plus and LearnSmart media content for the Mader series. These assets allow instructors to easily design interactive tutorial materials, enhance presentations in both online and traditional environments, and assess the learning objectives and outcomes of the course.

Human Biology Sylvia Mader, 2009-01-30 Dr. Sylvia Mader's succinct, precise writing style is what has earned her a reputation as one of the most successful introductory biology textbook authors ever, and it is the most compelling feature of this text. Updated Boxed Readings Throughout *Human Biology* features three different types of boxed readings. These readings have been thoroughly updated by Dr. Mader, as well as experts in the field, throughout the book to remain current. A complete set of chapter learning aids includes a listing of chapter concepts, brief concept summaries within the chapter, boldface key terms, summary, and objective questions. Students value tools within the text that help them grasp the concepts. Customize this book through Primis Online. This title is tentatively planned to be part of the Primis Online Database. www.mhhe.com/primisonline. Benefit: Professors can customize this book to meet their exact needs and mix and match with other items on Primis Online, allowing them maximum choice and flexibility. Instructors can choose between two delivery formats: custom printed books in black and white or custom eBooks in color. Emphasis on Homeostasis: Homeostasis is emphasized throughout the text. The homeostasis sections at the end of specific chapters and the accompanying homeostasis illustrations have been revised for greater clarity and explain in depth how the body systems work together to maintain homeostasis.

Advancing the STEM Agenda Cindy P. Veenstra, Fernando F. Padró, Julie A. Furst-Bowe, 2012-05-15 In July 2011 the ASQ Education Division held its first Advancing the STEM Science Technology Engineering and Mathematics Agenda in Education the Workplace and Society Conference at the University of Wisconsin Stout This publication is a selection of papers and workshops from this groundbreaking conference The ideas presented here will help other educators and policy makers to develop their own innovative high impact ideas for inspiring student interest in STEM careers improving the delivery of STEM education at their schools and colleges and helping STEM college graduates transition to the workplace The chapters in this book reflect research and best practices integrating the ideas of continuous improvement in combination with a can do attitude to provide a valuable resource that will lead others to consider similar innovative and collaborative educational structures that will drive more interest in STEM majors in college and provide for our next generation of scientists technicians and engineers Prior to reviewing Advancing the STEM Agenda I had a list in my mind of topics that I hoped would be addressed I m very pleased with how many are covered and covered well This project succeeds at the challenge of providing not only beneficial breadth but also important depth Because our public private partnership has been committed explicitly to continuous improvement for more than a decade I couldn t help but notice as the editors also point out in their conclusion the extent to which continuous improvement is a common thread

throughout the book That speaks to the book s practical utility in many settings and on a long term basis No less valuable is the discussion of student motivation by many of the authors which STEM teachers in our area have identified as a major issue of interest to them in recent surveys Richard Bogovich Executive Director Rochester Area Math Science Partnership Minnesota Veenstra Padr and Furst Bowe provide a huge contribution to the field of STEM education We all know the statistics and of the huge need in the area of STEM students and education but what has been missing are application and success stories backed by research and modeling The editors have successfully contributed to our need by focusing on collaborative models building the K 12 pipeline showing what works at the collegiate level connecting across gender issues and illustrating workforce and innovative ideas John J Jasinski President Northwest Missouri State University Advancing the STEM Agenda provides a broad set of current perspectives that will contribute in many ways to advancing the understanding and enhancement of education in science education and engineering This work is packed with insights and perspectives from experienced educators and bridges the transition from education to workplace John Dew Senior Vice Chancellor Troy University
