American Women Speak Mary Ellen Snodgrass,2016-10-24 This A to Z compendium explores more than 150 American women activists from colonial times to the present examining their backgrounds and the focus of their activism and provides examples of their speeches Throughout history American women s oratory has crusaded for religious rights abolitionism and peace as well as for Zionism immigration and immunization This text examines more than 150 influential American women activists and their speeches on vital issues Each entry outlines the speaker s motivation and provides examples of their speeches in context supplying information about the setting audience reception and lasting historical significance This collection of women s speeches emphasizes primary sources that underscore the goals of the Common Core Standards Entries support classroom discussion on a range of topics from women s suffrage and birth control to civil rights and 20th and 21st century labor law No other reference work compiles examples of female activism and oration across a 400 year span of history along with analysis of the speaker s intent forum listeners and public and media response

High Stakes Timothy Jon Curry,Kent P. Schwirian,Rachael Woldoff,2004 Unlike so many other cities around the country

Columbus citizens gave a firm no to the proposal that public money be used to build an arena to attract an expansion professional hockey team and a soccer stadium to keep a professional franchise. Yet both structures are now a permanent part of Columbus's landscape. High Stakes is the inside story of how a coalition of the city's movers and shakers successfully did an end run around the electorate to build these sports complexes. As it turned out, everybody appears to have won: taxpayers were relieved of any funding obligation, the coalition got the new facilities, and the new arena jumpstarted downtown redevelopment. Now the Columbus case is being touted as the model of how to use professional sports to improve a city's downtown with minimal taxpayer expense. Publisher web site

James B. Hunt Wayne Grimsley, 2003 Democrat James B. Hunt had a long career in politics, serving as governor of North Carolina from 1977 through 1985 and then again from 1993 through 2001. He not only exemplified the progressive tradition of earlier North Carolina governors but transformed the tradition to embrace a concern for minorities, women's rights, and consumer issues. This biography of James B. Hunt begins with a discussion of the influence of his father, a hard-driving federal official who demanded much from his oldest son; his mother, a college-educated teacher who encouraged him to study and work hard; and his hometown of Rock Ridge, where he developed his strong community ethic but had to deal with the town's support for racial segregation and tobacco. It chronicles his years at North Carolina State College, where he was student president for two terms; his transformation from a campaign volunteer for Terry Sanford to a political insider at both the state and national levels; and his close relationships with Sanford and his key adviser, Bert Bennett. The author then discusses how Hunt, still unknown to most of the public, defeated candidates with more campaign money to become lieutenant governor of the state in 1972 and describes his first two successful campaigns for the governorship and the actions he took and programs he implemented in his first term as governor.

Resources in Education, 1999 *The Earth Observer*, 2012 **Rural Teacher Education** Michael Corbett, Dianne Gereluk, 2020-02-15 This book examines challenges associated with the education of teachers in and for rural places. It offers a new perspective with respect to how Canadian educators are shifting the conversation toward a hopeful discourse concerning how educators can foster meaningful rural learning environments which will contribute to building stronger rural communities and regions. A central focus of the book is emerging reconceptualization of education place and indigeneity in Canadian education in the wake of the Truth and Reconciliation Commission. Though the challenge of addressing rural teaching and learning lies partly in the nuances and complexities of unique places, there are also common threads that affect virtually all communities in rural, regional, and remote educational, cultural, economic, and social geographies. Chapters in this collection provide current research in Canadian rural education, including examples and stories from the field contributed by teachers, administrators, and superintendents on the challenges and creative opportunities that they have discovered in their own rural context, giving hope and inspiration for what is possible. The book will appeal to all readers interested in rural education and teacher education, as well as to those concerned with educational inequality and

indigenous education **Mississippi Outdoors** ,1998 *The American School Board Journal* ,1905 **K-12 Science and Math Education Across the Federal Agencies** United States. Congress. House. Committee on Science,2006
