Husband In Chastity English Edition:

A Prose English Translation of the Mahabharata Manmathanatha Datta,1908 **A Prose English Translation of the Mahabharata** Manmatha Nath Dutt,1905 Sappho in Early Modern England Harriette Andreadis,2001-07-15 In Sappho in Early Modern England Harriette Andreadis examines public and private expressions of female same sex sexuality in sixteenth and seventeenth century England Before the language of modern sexual identities developed a variety of discourses in both literary and extraliterary texts began to form a lexicon of female intimacy Looking at accounts of non normative female sexualities in travel narratives anatomies and even marital advice books Andreadis outlines the vernacular through which a female same sex erotics first entered verbal consciousness She finds that respectable women of the middle classes and aristocracy who did not wish to identify themselves as sexually transgressive developed new vocabularies to describe their desires women that we might call bisexual or lesbian referred to in their day as tribades fricatrices or rubsters emerged in erotic discourses that allowed them to acknowledge their sexuality and still evade disapproval Select Letters, with an English Translation Saint Augustine (of Hippo),James Houston Baxter,1953 True Islam: Lost in Translation Emil Shehadeh, Contact between Islam and the West is 1400 years old Both sides have had more than adequate time to become familiar with the other Yet the world is still arguing about Islam s teachings Is Islam peaceful Does it commend violence Does Islam respect the other Does Islam abuse women Is Islam anti Semitic Does Islam teach the Torment of the Grave Does Islam recommend the beating of wives Do Muslim Scriptures commend Temporary Marriage of Pleasure Did Zayd divorce Zaynab because he had no further need of her All these questions are easy to settle for anyone who can read Islamic Scripture in Arabic The author of this book is such a person However to answer all these questions in the affirmative would do the image of Islam much damage in the West where Islam is keen to present a polished image especially in the light of much violence committed in its name against westerners Muslim leaders and their allies in the West have popularised a distinction between Muslims and Islamists in order to distance Islam from thousands of heinous Muslim crimes such as the Charlie Hebdo massacre Are the English translations of the Qur an faithful to the original Arabic Or are they part of the charm offensive Muslim Petro dollars have financed for years through sponsorship of university departments of Islamic studies investing in western media and publishing building Islamic centres and financing Islamic societies and pressure groups throughout the West This work gives English readers the ability to access the original Arabic of the Qur an and hadith and see the true face of Islam without its face powder It is hoped that this work will assist free thinkers to form their own opinion of Islam based on the true Qur an without interference from Muslim propaganda or any agenda driven discourses *Lha-Luñ Temple, Spyi-Ti* H. Lee Shuttleworth,1929 **Memoirs of the Archaeological Survey of India** ,1929 **Ask of Old Paths** Grace Hamman,2025-09-09 Traditional Christian virtue and vices like abstinence gluttony and sloth make many of us bored or uncomfortable At their best these words sound dead or confusing like incomplete fossils that belong to a distant past

awkwardly enshrined in a museum At worst they signify a prejudiced past when these words were wielded like weapons Yet in medieval writing the language of the virtues and vices was powerful lively and delightfully weird Patience is described as a peppercorn Unicorns preach chastity Knightly virtues fend off devious vices by throwing roses at them In medieval books words like avarice and meekness meant different things and carried different weight than they do today And great medieval preachers and poets taught the virtues as crucial to what it meant to live a life of holiness right alongside the Lord's Prayer and the Creed Ask of Old Paths by Grace Hamman meditates upon those strange and wonderful word pictures and explanations of virtues and vices found in medieval traditions of poetry sermons and treatises long confined to dusty corners of the library It focuses on the ancient tradition of virtue language called the Seven Capital Virtue Remedies pride and humility envy and love wrath and meekness avarice and mercy sloth and fortitude gluttony and abstinence lust and chastity In accessible and thoughtful chapters scholar and writer Grace Hamman shows how learning about these pairs of medieval virtues and vices can help us reevaluate our own washed out and insipid moral vocabulary in modernity Our imaginations for the good life are expanded our longing for sanctification sharpens Old ideas can give us new fire in our practice of the virtue and in that practice we imitate Jesus and become more human

Intimate Memory Martin W. Huang, 2018-04-01 Sheds new light on pre modern Chinese gender relationships in the context of marriage male Confucian literati self presentation and social networks In the first study of its kind about the role played by intimate memory in the mourning literature of late imperial China Martin W Huang focuses on the question of how men mourned and wrote about women to whom they were closely related Drawing upon memoirs epitaphs biographies litanies and elegiac poems Huang explores issues such as how intimacy shaped the ways in which bereaved male authors conceived of womanhood and how such conceptualizations were inevitably also acts of self reflection about themselves as men Their memorial writings reveal complicated self images as husbands brothers sons and educated Confucian males while their representations of women are much more complex and diverse than the representations we find in more public genres such as Confucian female exemplar biographies

Christianizing Homer Dennis R. MacDonald, 1994-04-21 This study focuses on the apocryphal Acts of Andrew c 200 CE which purports to tell the story of the travels miracles and martyrdom of the apostle Andrew Traditional scholarship has looked for the background of such writings in Jewish and Christian scriptures MacDonald however breaks with that model and looks to classic literature for the sources of this story Specifically he argues that the Acts represent an attempt to transform Greco Roman myth into Christian narrative categories by telling the story of Andrew in terms of Homeric epic in particular the Odyssey MacDonald presents a point by point comparison of the two works finding the resemblances so strong numerous and tendentious that they virtually compel the reader to consider the Acts a transformative rewriting of the epic This discovery not only sheds valuable light on the uses of Homer in the early church but also significantly contributes to our understanding of the reception of Homer in the empire as a whole
