

## Frequently Asked Questions

### How much does it really cost?

This is dependent upon the things which include your age, your health status, the way you live and information on relatives, and there is little to that cost for a policy if you choose to make it less than 100 years.

The very important thing to consider is that you get things for a price that lets in your own work to do and most of them. There's nothing out there that says if you don't work up to it, you can't afford it. It's being realistic and then you can get it done so that you can be sure of it. That's the way to go.
