2012 Mad Max Fury Road 2015 and Wonder Woman 2017 granting her a newfound prominence in Hollywood filmmaking When most knowledgeable action fans think of the action heroine historically however they tend to do so through the prism of her most iconic characters Emma Peel in the 1960s Lynda Carter s Wonder Woman in the 1970s Ripley and Sarah Connor in the 1980s Xena Warrior Princess and Buffy the Vampire Slayer in the 1990s and of course the likes of Hermione Granger Katniss Everdeen Imperator Furiosa and Princess Diana in modern times Yet the action heroine s epic journey goes back much further than this Indeed it has its origins in the earliest days of cinema amongst the serial queens of the early silent era and the fleeting cowgirls swordswomen and jungle girls of Hollywood s Golden Age in the 1930s 1940s and 1950s This book is about that epic journey It traces the action heroine s century long struggle for legitimacy and respect beginning with the silent era serial The Perils of Pauline 1914 and ending with the big budget action blockbusters of today This book asks why the action heroine s path towards acceptability on mainstream film and television has proven such a long and tortuous one why she is so hated by a vocal minority of male action fans and how she has overcome the conservatism of the Hollywood system to at last forge a reputation for herself as a genuinely viable protagonist on both the big and small screens
