Teaching IFRS Richard M.S. Wilson, Ralph W. Adler, 2013-09-13 The increasing pace of global conformance towards the adoption of International Financial Reporting Standards IFRS highlights the need for accounting students as well as accounting practitioners to be conversant with IFRS Teaching IFRS offers expert descriptions of and insights into the IFRS convergence process from a teaching and learning perspective Hence this book is both timely and likely to have considerable impact in providing guidance for those who teach financial reporting around the world The contents of the book come from authoritative sources and offer something distinctive to complement the existing textbooks which typically focus on the technical aspects of IFRS and their adoption Drawing upon the

experiences of those who have sought to introduce IFRS related classroom innovations and the associated student outcomes achieved therefrom the book offers suggestions about how to design and deliver courses dealing with IFRS and catalogues extensive listings of IFRS related teaching resources to support those courses This book was originally published as a special issue of Accounting Education An international journal

Handbook of Research on Internationalization of Entrepreneurial Innovation in the Global Economy Carvalho, Luisa Cagica,2015-03-31 Globalization demands the creation of new business approaches to achieve high levels of competitiveness Cultural differences factor into policies as companies expand their businesses in different countries and seek to collaborate with international entrepreneurs The Handbook of Research on Internationalization of Entrepreneurial Innovation in the Global Economy brings together research on international business entrepreneurship and innovation in order to present a comprehensive publication for business professionals This volume is an essential reference source for practitioners academicians researchers and upper level students interested in learning about internationalization and innovation in a global market

The Economies of the Balkan and Eastern Europe Countries in the Changed World Anastasios G. Karasavvoglou,2011-01-18 The rapid changes in the economic and political climate of the Balkan and the Black Sea countries demand continuous adjustments in the mixture of the implemented economic policy in the area Under this framework there is a special interest to investigate the impact of the global economic reality in these economies the importance of their integration in the European Union as well as the foundation of various regional organizations that host many countries of the specific area Taking into consideration the current developments within the European Union the economic crisis that strikes the peripheral EU countries and the dispute over the credibility of the euro currency economists need to enhance the effectiveness of regional development to underline the value of FDI and entrepreneurship of the countries of the Balkan and the Black Sea to assist the bank sector in order to support the level of productivity to control the financial flows with the help of auditing structures and to exploit human recourses in order to achieve economical reforms in these countries The current volume approaches among others the above matters and aspires to contribute to the further investigation of the possibilities and the perspectives of the economies of the region
