Language in Society in Bangladesh and Beyond Shaila Sultana, Mian Md. Naushaad Kabir, Md. Zulfeqar Haider, Mohammad Moninoor Roshid, M. Obaidul Hamid, 2023-11-29 This collection presents a holistic picture of the sociolinguistic landscape in Bangladesh offering a critical understanding of language ideologies and social inequalities in the country as they connect more widely to dynamics in the Global South The book seeks to untangle the voices embedded in the language practices of a range of communities and professions in the region which have been little studied in the literature and encourage a rethinking of the relationships between language and nationality class ethnicity race and gender Highlighting perspectives from established and emerging researchers and drawing on a wide range of theoretical approaches and methodologies the volume is organized around such key themes as bilingualism and diglossia language variation across domains language and identity in literature and the interconnectedness of language identity and globalization Taken together the collection calls attention to the socially and spatially situated nature of language practices in Bangladesh and in turn the ways in which scholars in the Global South make sense of the sociolinguistic landscape at both the local and global levels This book will appeal to scholars working in sociolinguistics particularly those working on language policy language and identity language variation and in or about the Global South **The Dhaka University Studies**, 2005-06 *Russia Nuclear Industry Business Opportunities Handbook Volume 1 Strategic Information, Developments, Contacts* IBP, Inc., 2009-03-30 *Russia NUCLEAR INDUSTRY Business Opportunities Handbook* *Judicial Activism in Bangladesh* Ridwanul Hogue, 2011-01-18 This book critically examines the evolving global trend of judicial activism with particular reference to Bangladesh It constructs judicial activism as a golden mean adjudicative technology standing between excessive judicial assertion and unacceptable judicial passivity that may leave injustices unredressed It argues that judicial balancing between over activism and meek administration of justice should essentially be predicated upon domestic conditions and the needs and fundamental public values of the judges respective society Providing cross jurisdictional empirical evidence the study demonstrates that judicial activism steered towards improving justice and grounded in one's societal specificities can be exercised in a morally and legally legitimate form and without rupturing the balance of powers among the state organs This study has sought to displace the myth of judicial activism as constitutional transgression by unelected judges arguing that judicial activism is quite different from excessivism It is argued and shown that a particular judge or judiciary turns out to be activist when other public functionaries avoid or breach their constitutional responsibilities and thus generate injustice and inequality The study treats judicial activism as the conscientious exposition of constitutional norms and enforcement of public duties of those in positions of power The study assesses whether Bangladeshi judges have been striking the correct balance between over activism and injudicious passivity Broadly the present book reveals judicial under activism in Bangladesh and offers insights into causes for this It is argued that the existing milieu of socio political injustices and over

balance of constitutional powers in Bangladesh calls for increased judicial intervention and guidance of course in a balanced and pragmatic manner which is critical for good governance and social justice Writing about judicial activism easily gets shackled by fussy and pedestrian debates about what judges may or may not do as unelected agents of governance The book goes much beyond such reductionist pedestrianisation of law for it courageously lifts the debate into the skies of global legal realism The analysis perceptively addresses bottlenecks of justice identifying shackles and mental blocks in our own minds against activating concerns for justice for the common citizen Prof Werner Menski Foreword
