Congregational Hermeneutics Andrew P. Rogers,2016-05-20 Despite many churches claiming that the Bible is highly significant for their doctrine and practice questions about how we read the Bible are rarely made explicit Based on ethnographic research in English churches Congregational Hermeneutics explores this dissonance and moves beyond descriptions to propose ways of enriching hermeneutical practices in congregations Characterised as hermeneutical apprenticeship this is not just a matter of learning certain skills but of cultivating hermeneutical virtues such as faithfulness community humility confidence and courage These virtues are given substance through looking at four broad themes that emerge from the analysis of congregational hermeneutics tradition practices epistemology and mediation Concluding with what hermeneutical apprenticeship might look like in practice this book is constructively theological about what churches actually do with the Bible and will be of interest to scholars students and practitioners **Happiness** Randy Alcorn,2024-06 Christians are supposed to be happy In fact we are supposed to radiate joy peace and contentment that is so unmistakable and so attractive that others are naturally drawn to us because they want what we have And yet in today s culture the vast majority of Christians are perceived as angry judgmental people who don t seem to derive any joy from life whatsoever So why aren t we happy Unfortunately many Christians are taught early on that God doesn t want us to be happy he wants us to be holy In fact many Christians are laboring under the false notion that God himself is not happy But nothing could be further from the truth God does want us to be happy The Bible is filled with verses that prove that ours is a happy joy filled God who not only loves celebrations but also desperately wants his children to be happy Why else would He go to the lengths He did to ensure our eternal happiness in His presence We know that we will experience unimaginable joy and happiness in Heaven but that doesn t mean we can t also experience joy and happiness here on earth In Happiness noted theologian Randy Alcorn dispels centuries of misconceptions about happiness and provides indisputable proof that God not only wants us to be happy He commands it The most definitive study on the subject of happiness to date this book is a paradigm shifting wake up call for the church and Christians everywhere **Live Brilliantly** Lenya Heitzig,2018-01-01 This all new Fresh Life Bible study takes readers through the book of 1 John inspiring them to respond to God s call to be light bearers in a dark world Each 20 minute study of 1 John in Live Brilliantly reminds readers that when their lives reflect God s light no darkness can overtake them When a Christian follows God s Word light shines on their decisions relationships and actions Their words as they live out the gospel bring light to even the darkest places This rich yet accessible Bible study ignites readers with a new passion for God shutting out the darkness that threatens their spirits and the world because God s Word is light everlasting *What About Me? Women and the Catholic Church* Sharon Tighe-Mooney,2018-03-09 One woman s investigation of the role of

women in the Christian Church since its inception as she counters the Roman Catholic church's argument for excluding them from the priesthood Details the gradual exclusion of women from positions of power as the Roman Catholic Church evolved Accessible account from the viewpoint of an ordinary woman in the Church Cover quotes from Mary McAleese Fr Tony Flannery and Mary T Malone What About Me Women and the Catholic Church is an exploration by an ordinary woman born into the Catholic faith of the arguments given to exclude her from ministry Using her research skills Sharon examines the New Testament Christian writings and Papal documents It is a personal quest to shed light on the story of women in the Christian movement from its earliest days to the present The objective of the book is to explore inform speculate and question and it should appeal to a general audience The context of the book is the 2010 move by Pope Benedict XVI to elevate the crime of ordaining women to Catholic ministry and the subsequent censoring of religious personnel who questioned this edict This book details a quest to find out where the strong antipathy towards women in the Roman Catholic Church's institutional mindset comes from
