The Iron Loom Evelyn Townsend, 2025-01-16 In the smog wreathed metropolis of Aethelburg where clockwork behemoths claw at the sky and the arcane science of their intertwines with Victorian ingenuity time is not a river but a tapestry woven on the colossal looms of the Guild of Temporal Artisans These machines powered by a volatile blend of steam and their craft not only exquisite silks but the very threads of reality

When Master Weaver Jorven Clyth detects a dissonance in the loom's rhythmic clang a tremor in the etheric flow his warnings are dismissed by the ambitious Guild Masters But Jorven's fears are realized when an experimental loom fractures Aethelburg's timeline unleashing a torrent of temporal anomalies Streets twist into impossible loops citizens vanish into echoes and whispers of the past and future bleed into the present Convinced a darker force is at play Jorven seeks the aid of Ilyra Vanthe a brilliant but ostracized historian whose heretical theories speak of a First Etheric Age and a far older more potent technology Their investigation plunges them into Aethelburg's shadowy underbelly where whispers of conspiracy mingle with the hiss of illicit etheric stills They navigate a web of deceit encountering shadowy figures within the Guild ruthless industrialists profiting from the city's instability and the enigmatic clockwork mechanic Kaelen Rhys whose allegiances shift like the fractured timeline itself As Jorven and Ilyra unravel a conspiracy that stretches back generations they discover the looms are not tools of progress but instruments of control wielded by the Chronomasters a hidden faction within the Guild who manipulate time to maintain their power The rift widens twisting not just the city but the very minds of its inhabitants Temporal echoes ghostly remnants of past selves whisper warnings adding another layer of complexity to their desperate search for answers They uncover a devastating truth the Chronomasters have been altering individual timelines weaving their influence into the very fabric of personal histories To mend the fractured timeline Jorven and Ilyra must confront the possibility that their own identities their memories are interwoven into the fraying tapestry of time Saving Aethelburg may require them to unravel themselves to sacrifice their personal histories for the city's future But the threads of time once broken can never be truly mended only rewoven into a new potentially more perilous design As the city teeters on the brink of collapse Jorven must choose uphold the established order or embrace the chaotic potential of a future unwritten The fate of Aethelburg and perhaps time itself hangs in the balance

Hands on Rigid Heddle Weaving Betty Linn

Davenport, 1987-12-01 With instructions for how to make wonderful projects and plain weave variations this user friendly guide covers choosing setting up and weaving on a rigid heddle loom Both beginners and experienced weavers will value its thriftiness and versatility

World Textiles (Second) (World of Art) Mary Schoeser, 2023-04-25 An updated edition of this indispensable reference surveying the history of textiles from twenty five thousand years ago to the present The history of textiles more than that of any other artifact is a history of human ingenuity From the very earliest needles of twenty five thousand years ago to the smart textiles of today textiles have been fundamental to human existence and enjoyed prized and valued by every culture Silks from China cottons from India tapestries from Flanders dyes from South America the appeal of different weaves colors and patterns was long a motivation for trade the exchange of ideas and sometimes even war Mary Schoeser's groundbreaking book now revised and updated to incorporate new research with color illustrations presents a chronological survey of textiles around the world from prehistory to the present It explores how they are made what they are made from how they function in society and the ways in which they are valued and given meaning as well as reflecting on the

environmental challenges they present today World Textiles offers an invaluable introduction to this vast and fascinating subject for makers designers textile and fashion professionals collectors and students alike *Official Gazette of the United States Patent Office* United States. Patent Office, *Patents for Inventions. Abridgments of Specifications* Great Britain. Patent Office, 1893
