Jenny Hogg Ashwell, 2015-11-11 As our companions through the current spiritual Awakening Jesus the archangels and other spiritual teachers have gathered as the High Council and now share with us in Love's Curriculum their messages of enlightenment These Divine messages have a clear goal To awaken us to the Love that connects all You hold in your hands the High Council's gift to you a guidebook for this journey Through Divine grace and enormous trust Jenny Hogg Ashwell travelled a path from lawyer to student of spirituality and mother of three to spiritual counselor and intuitive to learn of her soul's assignment to scribe Love's Curriculum for the High Council and bring forth their messages to the world It is with great humility courage and gratitude that she has done just this Now it is your turn Let Love's Curriculum gently awaken within you the memory of Love as you uncover your soul's Divine purpose Let it guide you to ignite Love in the world The time has come to join in the Awakening We wish for you to read Love's Curriculum Within its pages you will find the Bounty of Love and Light to which you have been called for which you have been dreaming and desiring to fill within you the void Within its pages are the answers contained the magic brought forth the truth illuminated for all to hear and see Let Love's Curriculum help you on your journey to awaken to Love It is time The High Council [The Road to Love Canal](#) Craig E. Colten, Peter N. Skinner, 2010-06-28 The toxic legacy of Love Canal vividly brought the crisis in industrial waste disposal to public awareness across the United States and led to the passage of the Superfund legislation in 1980 To discover why disasters like Love Canal have occurred and whether they could have been averted with knowledge available to waste managers of the time this book examines industrial waste disposal before the formation of the Environmental Protection

Agency in 1970 Colten and Skinner build their study around three key questions First what was known before 1970 about the hazards of certain industrial wastes and their potential for causing public health problems Second what were the technical capabilities for treating or containing wastes during that time And third what factors other than technical knowledge guided the actions of waste managers before the enactment of explicit federal laws The authors find that significant information about the hazards of industrial wastes existed before 1970 Their explanations of why this knowledge did not prevent the toxic legacy now facing us will be essential reading for environmental historians and lawyers public health personnel and concerned citizens

Sea of Lost Love Santa Montefiore,2008-04-29 From the author of The Gypsy Madonna and The Last Voyage of the Valentina a breathless novel that sweeps its heroine from the Cornish coast to the rugged beauty of Puglia Italy where she discovers a shocking truth about her family and the way to save her ancestral home Celestria Montague always spends her summers at Pendrift Hall the rambling shabby mansion adorned with wisteria and clematis that has been home to the Montague family for generations It is 1958 and the family is celebrating her father s fiftieth birthday at a lavish ball The celebratory night ends in death and tragedy however and young Celestria learns that the family may lose Pendrift Hall Her grandfather urges Celestria to play detective to solve the mysteries surrounding the night s events and to save the ancient mansion if at all possible Her quest takes her to Italy s rugged and beautiful Puglia and into the dark cool cloisters of the Convento di Santa Maria del Mare Here Celestria meets an enigmatic stranger and confronts unwelcome truths about her family and herself Sea of Lost Love is Santa Montefiore at her very best sensitive sensual and complex

Living in the End Times Slavoj Zizek,2011-04-18 The celebrated political philosopher analyzes the end of global capitalism in this part philosophical tightrope walk part performance art marathon part intellectual roller coaster ride Observer There should no longer be any doubt global capitalism is fast approaching its terminal crisis Slavoj i ek has identified the four horsemen of this coming apocalypse the worldwide ecological crisis imbalances within the economic system the biogenetic revolution and exploding social divisions and ruptures But he asks if the end of capitalism seems to many like the end of the world how is it possible for Western society to face up to the end times In a major new analysis of our global situation i ek argues that our collective responses to economic Armageddon correspond to the stages of grief ideological denial explosions of anger and attempts at bargaining followed by depression and withdrawal After passing through this zero point we can begin to perceive the crisis as a chance for a new beginning Or as Mao Zedong might have put it There is great disorder under heaven the situation is excellent Slavoj i ek shows the cultural and political forms of these stages of ideological avoidance and political protest from New Age obscurantism to violent religious fundamentalism Concluding with a compelling argument for the return of a Marxian critique of political economy i ek also divines the wellsprings of a potentially communist culture from literary utopias like Kafka s community of mice to the collective of freak outcasts in the TV series Heroes

FARAONE,Christopher A Faraone,2009-06-30 The ancient Greeks

commonly resorted to magic spells to attract and keep lovers as numerous allusions in Greek literature and recently discovered voodoo dolls magical papyri gemstones and curse tablets attest Surveying and analyzing these various texts and artifacts Christopher Faraone reveals that gender is the crucial factor in understanding love spells There are he argues two distinct types of love magic the curselike charms used primarily by men to torture unwilling women with fiery and maddening passion until they surrender sexually and the binding spells and debilitating potions generally used by women to sedate

angry or philandering husbands and make them more affectionate Faraone's lucid analysis of these spells also yields a number of insights about the construction of gender in antiquity for example the femininity of socially inferior males and the maleness of autonomous prostitutes Most significantly his findings challenge the widespread modern view that all Greek men considered women to be naturally lascivious Faraone reveals the existence of an alternate male understanding of the female as naturally moderate and chaste who uses love magic to pacify and control the naturally angry and passionate male This fascinating study of magical practices and their implications for perceptions of male and female sexuality offers an unusual look at ancient Greek religion and society
