Routledge Handbook on the Sciences in Islamicate Societies Sonja Brentjes,2023-01-24 The Routledge Handbook on the Sciences in Islamicate Societies provides a comprehensive survey on science in the Islamic world from the 8th to the 19th century Across six sections a group of subject experts discuss and analyze scientific practices across a wide range of Islamicate societies The authors take into consideration several contexts in which science was practiced ranging from intellectual traditions and persuasions to institutions such as courts schools hospitals and observatories to the materiality of scientific practices including the arts and craftsmanship Chapters also devote attention to scientific practices of minority

communities in Muslim majority societies and Muslim minority groups in societies outside the Islamic world thereby allowing readers to better understand the opportunities and constraints of scientific practices under varying local conditions. Through replacing Islam with Islamic societies the book opens up ways to explain similarities and differences between diverse societies ruled by Muslim dynasties. This handbook will be an invaluable resource for both established academics and students looking for an introduction to the field. It will appeal to those involved in the study of the history of science, the history of ideas, intellectual history, social or cultural history, Islamic studies, Middle East and African studies, including history and studies of Muslim communities in Europe and South and East Asia. *Routledge Handbook of Ecological and Environmental Restoration* Stuart K. Allison, Stephen D. Murphy, 2017-05-18. Ecological restoration is a rapidly evolving discipline that is engaged with developing both methodologies and strategies for repairing damaged and polluted ecosystems and environments. During the last decade the rapid pace of climate change coupled with continuing habitat destruction and the spread of non native species to new habitats has forced restoration ecologists to re evaluate their goals and the methods they use. This comprehensive handbook brings together an internationally respected group of established and rising experts in the field. The book begins with a description of current practices and the state of knowledge in particular areas of restoration and then identifies new directions that will help the field achieve increasing levels of future success. Part I provides basic background about ecological and environmental restoration. Part II systematically reviews restoration in key ecosystem types located throughout the world. In Part III management and policy issues are examined in detail offering the first comprehensive treatment of policy relevance in the field while Part IV looks to the future. Ultimately good ecological restoration depends upon a combination of good science, policy planning and outreach. All issues that are addressed in this unrivalled volume. **The Oxford Handbook of American Islam** Yvonne Yazbeck Haddad, Jane I. Smith, 2014. In this volume 30 of the field's top scholars examine historical and contemporary aspects of American Islam and explore the meaning of religious identity in the context of race, ethnicity, gender and politics. *The Oxford Handbook of Persian Linguistics* Anousha Sedighi, Pounesh Shabani-Jadidi, 2018-08-02. This handbook offers a comprehensive overview of the field of Persian linguistics, discusses its development and captures critical accounts of cutting edge research within its major subfields as well as outlining current debates and suggesting productive lines of future research. Leading scholars in the major subfields of Persian linguistics examine a range of topics split into six thematic parts. Following a detailed introduction from the editors, the volume begins by placing Persian in its historical and typological context in Part I. Chapters in Part II examine topics relating to phonetics and phonology while Part III looks at approaches to and features of Persian syntax. The fourth part of the volume explores morphology and lexicography as well as the work of the Academy of Persian Language and Literature. Part V language and people covers topics such as language contact and teaching Persian as a foreign language while the final part examines psycho neuro and computational linguistics. The volume will be an essential resource for all

scholars with an interest in Persian language and linguistics      Routledge Handbook on the Kurds Michael Gunter,2018-08-06 With an estimated population of over 30 million the Kurds are the largest stateless nation in the world They are becoming increasingly important within regional and international geopolitics particularly since the 2003 invasion of Iraq the Arab Spring and the war in Syria This multidisciplinary Handbook provides a definitive overview of a range of themes within Kurdish studies Topics covered include Kurdish studies in the United States and Europe Early Kurdish history Kurdish culture literature and cinema Economic dimensions Religion Geography and travel Kurdish women The Kurdish situation in Turkey Iraq Syria and Iran The Kurdish diaspora With a wide range of contributions from many leading academic experts this Handbook will be a vital resource for students and scholars of Kurdish studies and Middle Eastern studies
