the Russian Empire strived to gain political influence at the Persian court promote Russian trade and secure the enormous southern borders of the empire Using hitherto often neglected documents from archives in Russia and Georgia and reading them against the grain this book reveals the complex reactions of different groups in Iranian society to Russian imperialism As it turns out the Iranians were in the words of the Russian orientalist Konstantin Smirnov ideal anarchists whose resistance to imperial domination as well as to centralized state institutions more generally impacted developments in the region in the century to come Iran s troubled relationship with the wider world continues to be a topic of considerable interest to historians yet little focus has been given to Russia s historical connections to Iran This book thus represents a valuable contribution to Iranian and Russian History as well as International Relations *Robots Are People Too* John Frank Weaver,2013-11-26 The only book of its kind to look at how our legal system needs to change to accommodate a world in which machines in addition to people make decisions For years robots were solely a matter of science fiction Today artificial intelligence technologies serve to accelerate our already fast paced lives even further From Apple s Siri to the Google Car to GPS machines and technologies that make decisions and take action without direct human supervision have become commonplace in our daily lives As a result laws must be amended to protect companies that produce robots and the people that buy and use them This book provides an extensive examination of how numerous legal areas including liability traffic zoning and international and constitutional law must adapt to the widespread use of artificial intelligence in nearly every area of our society The author scrutinizes the laws governing such fields as transportation medicine law enforcement childcare and real estate development **Light Against Darkness** Armin Lange, Eric M. Meyers, Randall Styers, 2010-11-17 Light Against Darkness is comprised of articles that put on display the power and pervasiveness of dualistic thought Dualism has proved a potent cultural tool for clarifying and ordering reality Particularly in times of social stress and psychological insecurity it can offer a valuable conceptual grid that provides orientation to the world and a clear sense of identity At the same time though there are important questions to be asked about the social effects of binary thinking As history amply illustrates dualistic notions can readily be deployed to legitimate cultural demonization and to rationalize violence At a deeper level a dualist worldview can also obscure the possibilities to be found in multiplicity The articles in this volume treat Dualism across a wide historical spectrum and from multiple methodological perspectives The studies are organized around the religious and cultural contexts of Ancient Judaism and they include contributions from leading voices on ancient Persia Israel Greece and Egypt Experts on modern religious and philosophical thought not only lend context to concepts applied to the ancient world but engage recent European and American experiments in binary thought All of the studies contribute to a richer and more complete portrait of dualism in ancient Judaism **When The Green Flag Drops** Rod Koch, 2011-01-31 Ride once again with the author Rod Koch and share his adventures as he struggles to gain another victory in the epic Baja 1000 His first autobiography 7 Years from Start to Finish covered the early years of the Baja races from 1968 1975 up to the

moment when the author became a first place winner in that incredible endurance race down and around the Baja California peninsula When the Green Flag Drops continues those adventures in off road racing through the 1980s not just in Baja but back in the U S A with events like the Parker 400 Casinos 350 Mint 400 and the Riverside Off Road Championships The author then makes the transition into the intensity of the Pro Rally race scene bringing the reader along with him as he takes on some of the best and fastest off road and performance rally drivers in North America The action streaks across the High Sierras from San Francisco to Reno from Las Vegas to Laughlin Nevada from Carson City to Virginia City to Yerington through the rain mud snow even the heat of the Mojave Desert near Palm Springs and east of Indio wherever the dirt mountain and desert roads of the performance and Pro Rally circuit goes You are there with the author in the co driver's seat for what may be the ride of your life if you dare
