female in movies of Hollywood s Golden Age look like they just stepped out of a beauty parlor even if the story places them in a jungle a hospital bed or the ancient past All for Beauty examines how and why makeup and hairdressing evolved as crafts designed partly to maintain the white flawlessness of men and women as a value in the studio era The book pays particular attention to the labor force exploring the power and influence of cosmetics inventor and manufacturer Max Factor and the Westmore dynasty of makeup artists but also the contributions of others many of them women whose names are far less known At the end of the complex exciting and at times dismaying chronicle it is likely that readers will never again watch Hollywood films without thinking about the roles of makeup and hairdressing in creating both fictional characters and stars as emblems of an idealized and undeniably mesmerizing visual perfection *Autocar & Motor* ,1993-07
