Double Helix, Double Joy Carolyn Rasmussen, Alister Danks, 2012-11-29 Professor David Danks explained in a public lecture revealingly titled Double Helix Double Joy that Even from its infancy it was apparent that the double helix was going to change not only science but also the community's image of science Double Joy conveyed his sense that the developments cascading from Watson and Crick's initial DNA discovery would yield immense benefits for people generally and also for his own research ambitions A double joy made concrete in the foundation of the Murdoch Institute for Research into Birth Defects where he could fully implement his vision of unfettered basic scientific research wedded to clinical practice and services to public health Born into the long established Melbourne family of hardware merchants Danks chose a career path more aligned to that family's association with hospitals and health Inspired to know why a disease had occurred and how it could be anticipated and prevented Danks trained with pioneers of human genetics in London and Baltimore from 1959 At that time human genetics was scarcely known in Australia Following his discovery of the cause of Menkes disease in 1972 and breakthroughs in PKU testing he applied his entrepreneurial flair to the development of a brilliant multi disciplinary research team focussed on the identification of genetic diseases affecting newborns and their treatment in the clinic Dame Elisabeth Murdoch embraced his vision and helped launch the Murdoch Institute in 1986 based at the Royal Children's Hospital A man of towering intellect who did it because it was fun Danks' legacy reaches beyond the Murdoch Institute to the establishment of clinical genetics services throughout Australia the internationally acclaimed POSSUM database and the next generation of researchers who continue to explore and expand his vision

Achieving Equity and Quality in Higher Education Mahsood Shah, Jade McKay, 2018-07-05 Across the world higher education is witnessing exponential growth in both student participation and types of educational providers One key phenomenon of this growth is an increase in student diversity governments are widening access to higher education for students from traditionally underrepresented groups However this raises questions about whether this rapid growth may in fact compromise academic quality This book presents case studies of how higher education institutions in diverse countries are maintaining academic excellence while increasing the access and participation of students from historically underrepresented backgrounds

Including case studies spanning four continents the authors and editors examine whether increasing widening participation positively impacts upon academic quality This volume will be of interest and value to students and scholars of global higher education representation and participation in education and quality in higher education Ten Thousand Heart Operations Kerry Breen,2022-04-29 Dr John Clarebrough was destined to have an impact on Australian medicine from the day in 1947 when his outstanding examination results in the final year of the medical course at the University of Melbourne were announced He set his sights at first on becoming a physician However late in his second year as a resident medical officer he was prevailed upon to change course by a surgeon he greatly admired As a young man he survived a life threatening bout of poliomyelitis Based at St Vincent s Hospital in Melbourne he became one of Australia s foremost cardio thoracic surgeons and served as President of the Royal Australasian College of Surgeons and President of the Cardiac Society of Australia In addition he was an outstanding teacher mentor administrator and humble servant of the community and the medical profession *The Melbourne Medical School 1862-1962* Kenneth Fitzpatrick Russell,1977 *Portraits of Aesthetes Melbourne*

Pansy Peter McPhee,2012-11-27 A stirrer and shaker a boat rocker and a confounded nuisance Geoffrey Serle Roy Douglas Pansy Wright was one of the great Australians of the twentieth century Born on a hill country farm in northern Tasmania in 1907 he became an extraordinarily successful medical scientist and a builder of institutions such as the Australian National University the Peter MacCallum Cancer Clinic and the Howard Florey Institute He was loved for his brilliant often ribald wit his fierce loyalties and his sympathy for the underdog He died in 1990 shortly after completing a decade as Chancellor of the University of Melbourne Wright was a legendary teacher and much loved colleague and mentor However his ebullient style disguised the private difficulties of a person who was often unhappy and awkward with intimacy He was also a controversial man His rivals interpreted his relentless energy in creating medical institutions as megalomania Others found his blunt personal style abrasive and offensive In particular his championing of Professor Sydney Sparkes Orr dismissed by the University of Tasmania in 1956 for allegedly having seduced one of his students embroiled him in a decade of public controversy In this delightfully lucid biography Peter McPhee reveals the many contradictions in this complex and brilliant man *A Practical Guide for Medical Teachers* John Dent,Ronald M. Harden,Dan Hunt,2017-04-26 The Fifth Edition of the highly praised Practical Guide for Medical Teachers provides a bridge between the theoretical aspects of medical education and the delivery of enthusiastic and effective teaching in basic science and clinical medicine Healthcare professionals are committed teachers and this book is an essential guide to help them maximise their performance This highly regarded book recognises the importance of educational skills in the delivery of quality teaching in medicine The contents offer valuable insights into all important aspects of medical education today A leading educationalist from the USA joins the book s editorial team The continual emergence of new topics is recognised in this new edition with nine new chapters The role of patients as teachers and assessors Medical humanities Decision making Alternative medicine Global

awareness Education at a time of ubiquitous information Programmatic assessment Student engagement and Social accountability An enlarged group of authors from more than 15 countries provides both an international perspective and a multi professional approach to topics of interest to all healthcare teachers Mothers and King Baby Philippa Mein Smith,1997-06-23 This book is about infant mortality decline the rise of the infant welfare movement outcomes in terms of changing priorities in child health and what happened to mothers and babies Infant welfare raised public awareness but did not contribute as powerfully to improved infant survival and so longer life as protagonists claimed This work shows what it meant for reformers babies and mothers when the call was population is power the nation that has the babies has the future
