Physical Education, Health and Education Innovation, volume II David Manzano Sánchez, Manuel Gómez-López, Jorge Carlos-Vivas, Paulo Jorge Martins, Noelia Belando Pedreño, 2025-06-05 This is the second volume of a successful collection Please see the first volume here Today's society demands to train children and adolescents who develop in an environment based on respect and the promotion of educational values This aspect is especially relevant to promoting physical activity and its relationship with healthy habits such as the consumption of unprocessed foods the reduction of a sedentary lifestyle and the improvement of adherence to sports In this sense the World Health Organization warns that the current rates of overweight and obesity are very high and that we must combat them From formal education you can help improve healthy habits with educational programs and especially in Physical Education a subject where the work of physical social and cognitive well being has special relevance Since the 20th century studies and research that have aimed to combat unhealthy habits in educational centers and sports schools have increased Not only by promoting physical activity within the school but above all by seeking to generate adherence towards the future of students and athletes Different researchers and statistical analyses have indicated how overweight rates increase while physical activities are reduced especially as the Secondary Education stage progresses therefore it is questionable to say what can we do to reverse this trend and continue promoting physical activity So that this motivation is not reduced and harmful behaviors grow over the years such as alcohol or tobacco consumption malnutrition or a sedentary lifestyle and their consequent diseases such as diabetes cancer or cardiovascular problems For all these reasons the objective of this Research Topic is to receive research both empirical and reviews where the promotion of healthy habits related to physical activity nutrition and mental well being through innovative programs is highlighted Within formal education at any educational stage including child primary secondary and university students We welcome contributions in the following topics not limited to Community Engagement in Health Education Explore how involving families and communities boosts the effectiveness of programs promoting physical activity and healthy habits in young people Nutrition Integration in Physical Education Investigate new ways to blend nutrition education seamlessly into physical education curricula promoting healthier lifestyles among students Outdoor Activities and Mental Health Examine

the positive impact of outdoor education and nature based activities on youth physical activity levels and mental well being Professional Development for PE Teachers Explore how ongoing training equips educators to effectively promote physical activity and health among students in schools In sum the work of sports psychology in any extracurricular activity or sport has a special place in this Research Topic especially in young athletes to improve their adherence in the present and future

New Digital Technology in Education Wan Ng,2015-04-25 This book addresses the issues confronting educators in the integration of digital technologies into their teaching and their students learning Such issues include a skepticism of the added value of technology to educational learning outcomes the perception of the requirement to keep up with the fast pace of technological innovation a lack of knowledge of affordable educational digital tools and a lack of understanding of pedagogical strategies to embrace digital technologies in their teaching This book presents theoretical perspectives of learning and teaching today s digital students with technology and propose a pragmatic and sustainable framework for teachers professional learning to embed digital technologies into their repertoire of teaching strategies in a systematic coherent and comfortable manner so that technology integration becomes an almost effortless pedagogy in their day to day teaching The materials in this book are comprised of original and innovative contributions including empirical data to existing scholarship in this field Examples of pedagogical possibilities that are both new and currently practised across a range of teaching contexts are featured

Assessing the Nation's Report Card Chester E. Finn,2022-08-23 Assessing the Nation s Report Card examines the history of the National Assessment of Educational Progress NAEP and outlines plans for improving and modernizing the organization Educational policy analyst Chester E Finn Jr imparts a rare inside analysis of the evolution of the NAEP program at key moments in its history and provides a firsthand perspective of crucial decisions and core goals that have helped shape it The result is a revealing survey of the US s most influential source of data on K 12 achievement Assessing the Nation s Report Card offers readers an in depth understanding and appreciation of NAEP as well as an examination of its shortcomings its controversies and its current issues The book explores why NAEP is considered the gold standard of educational assessments yet is much lesser known than other types of standardized testing Finn underscores the promise of applying the results in addressing achievement gaps boosting federal accountability and driving education reform and policy He also discloses how the data are collected and what the results can and cannot tell us For more than 50 years this ambitious federal testing program has informed the decisions of policy makers and educational leaders as they advocate for educational improvements in the US Acknowledging the nation s evolving need for actionable information about students and schools Finn provides an assured and rare overview of the existing program and proposes possibilities for the future

School of Woke Kenny Xu,2025-10-14 From one of America s most relentless critics of Critical Race Theory comes this far reaching on the ground investigation of how CRT infiltrated our public schools and transformed them into activism factories with disastrous results Awareness of the rise of Critical Race Theory CRT in public

schools and how it has shaped our education system took the U S by storm over the last few years Parents truly became aware for the first time how deeply entrenched CRT was in the classrooms and their eyes were opened to the insidious agenda thoroughly embedded in public schools As a result CRT and parental rights in education became some of the most explosive issues facing Americans today Kenny Xu is a perceptive and relentless critic of CRT and our culture s war on meritocracy And now in School of Woke Xu exposes how CRT is transforming public schools and having a destructive impact on our children s education and their future In School of Woke Xu provides historical context to the rise of Critical Race Theory in education tracing it back to elite graduate schools in the 1970s and showing how the ideology became institutionalized and credentialed Xu covers the battles taking place in the most problematic and contested school districts in the nation including Loudoun and Fairfax County Public Schools in Northern Virginia and Santa Barbara High School in California He also exposes the lucrative business model behind the diversity consulting industrial complex that is instrumental in the curricular wars revealing how educators and administrators have been gaslighting the public about the prevalence of this radical ideology in the classrooms where children as young as five are being segregated in the classroom by race and are being taught that whiteness is inherently evil A work of colorful reportage historical analysis and cultural commentary School of Woke reveals what it will take to extricate our next generation from the destructive trends in our once vaunted public school education system
