**Memoirs of a Distressed Doctor** Ivan Presley, 2014-10-31 I am a physician who's just made a mess of my life I've done some very horrible things in life What I've done recently is about to ruin my career and make me unemployable My family has gone through so much because of my poor decisions I'm trying to find a way to believe that life will get better My son has his own demons to deal with He has been fighting with them half his life already I want to stay strong for him I don't know if my wife will leave me She's stayed by my side through thick and thin But my actions have been intolerable I'm making the amends I must I want a better life for me for her and for my son I really could use that miracle right about now *No*

*Apparent Distress* Rachel Pearson, 2017-05-09 A brutally frank memoir about doctors and patients in a health care system that puts the poor at risk *No Apparent Distress* begins with a mistake made by a white medical student that may have hastened the death of a working class black man who sought care in a student run clinic Haunted by this error the author herself from a working class background delves into the stories and politics of a medical training system in which students learn on the bodies of the poor Part confession part family history *No Apparent Distress* is at once an indictment of American health care and a deeply moving tale of one doctor's coming of age **A Doctor's Memoir of the Romanian Holocaust**

Arthur Kessler, 2024 Based on detailed notes taken during a doctor's incarceration in the concentration camps and ghettos of Romanian ruled Transnistria during the Holocaust this memoir tells a gripping story of calculated murder resistance and survival In the aftermath of the Romanian Holocaust Transnistria a little known region north of Odessa between the Dniester and Bug rivers came to be known as the forgotten cemetery Between 1941 and 1944 an estimated 300 000 Jews were killed or died there from starvation and disease This memoir by Dr Arthur Kessler based on daily notes he kept as a physician during his two year imprisonment in Transnistria's Vapniarka concentration camp and Olgopol ghetto provides a unique perspective of a Jewish medical doctor who witnessed murderous death as well as brave acts of resistance and survival Introduced and annotated by historian Leo Spitzer and translated from German by the late Margaret Robinson Dr Kessler's memoir provides an engrossing account of his infamous discovery that Vapniarka's Romanian authorities routinely and it seems knowingly fed camp inmates a daily soup containing toxic chickling peas *Lathyrus sativus* that induced paralysis kidney failure and oftentimes death It reveals the daring by which he together with fellow inmate medical associates saved hundreds of lives by organizing a hunger strike that resulted in the camp's dissolution and the prisoners relocation to ghettos throughout Transnistria Kessler's narrative continues with an account of privileges attainable by deportees with useful skills and provides illuminating details about informal systems and practices that enabled many to survive and to provide care to fellow victims of genocidal persecution The memoir is illustrated with moving drawings produced by prisoners in the Vapniarka concentration camp and presented to Dr Kessler in recognition of his brave work of healing *Memoirs of Doctor Burney, arranged from his own manuscripts, from family papers, and from personal recollections.
