GENERAL REFERENCE MAPS		
Maps that provide general information.		
Road maps		
• Road maps are useful maps for tourists because they indicate the roads that connect towns and cities. • The distance between towns and cities are useful for working out travelling time to destinations.		
Street maps		
• Show the layout of roads and streets in towns and city centres. • They also show places tourists may need, such as police stations, hospitals, hotels, parking areas and places of interest. • Tourist brochures, websites and other advertisements for accommodation and attractions often provide a small road or street map of the local area so that visitors can find them easily.		
Political Maps		
• Show the location of the borders of countries, states and provinces • These maps help tourists who plan to travel across borders/ provinces, indicate where the destinations are located in relation to each other.		
Physical Maps		
• Show natural and man-made features of an area. • Physical maps show natural features such as mountains, rivers, deserts, rivers, seas and oceans. • Colour is used to show the heights of different land areas. • These maps are of value to adventure tourists, as it assists them to what items they should pack for a trip.		
Specialist Maps		
• Show specific, specialised information such as climate or the location of airports, train routes etc.
