

# SHOP MANUAL FOR MINNEAPOLIS-MOLINE M-670 TRACTORS

## FOREWORD

This Shop Manual has been prepared as a guide for MM dealers and their service men. It contains complete maintenance instructions for the M-670 tractor, from a minor test or adjustment to a complete overhaul. The information and procedures are approved and recommended by the Minneapolis-Moline Service and Engineering Departments.

The manual has been compiled in loose-leaf form. Additional information will be issued from time to time, covering any changes or improvements that may be developed. This supplementary information will also be released in loose-leaf form, and can be inserted in the proper section of the manual. Serial numbers will be included, to denote which tractors are concerned, or affected by, any changes. In this manner, the manual can be kept current, and all service information on the M-670 tractors can be kept in one manual, regardless of the age of the tractor.

Proper use of this manual will result in a more efficient shop operation, less "down time" for the user, and a more satisfied customer.

When the repair work or overhaul is completed, we suggest referring to the Lubrication and Pre-Delivery Sections of the M-670 Operator's Manual. By using this information, the dealer can make certain that the tractor will be delivered to the user in the best possible condition for economical and trouble-free service.

Use only genuine MM parts with that "Like-New" fit, when making any replacements. These parts are made with the same dies, fixtures, etc., and using the same quality materials, as the original parts. Genuine MM parts are an added assurance of a quality repair job.
