Language Policy and Economics: The Language Question in Africa Nkonko M.

Kamwangamalu,2016-04-23 This book addresses the perennial question of how to promote Africa s indigenous languages as medium of instruction in educational systems Breaking with the traditional approach to the continent s language question by focusing on the often overlooked issue of the link between African languages and economic development Language Policy and Economics argues that African languages are an integral part of a nation s socio political and economic development Therefore the book argues that any language policy designed to promote these languages in such higher domains as the educational system in particular must have economic advantages if the intent is to succeed and proposes Prestige Planning as the way to address this issue The proposition is a welcome break away from language policies which pay lip service to the empowerment of African languages while by default strengthening the stranglehold of imported European languages

Educating through Popular Culture Edward Janak,Ludovic A. Sourdout,2017-03-01 This edited volume serves as a place for teachers and scholars to begin seeking ways in which popular culture has been effectively tapped for research and teaching purposes around the country The contents of the book came together in a way that allowed for a detailed examination of teaching with popular culture on many levels The first part allows teachers in PreK 12 schools the opportunity to share their successful practices The second part affords the same opportunity to teachers in community colleges and university settings The third part shows the impact of US popular culture in classrooms around the world The fourth part closes the loop to some extent showing how universities can prepare teachers to use popular culture with their future PreK

12 students The final part of the book allows researchers to discuss the impact popular culture plays in their work It also seeks to address a shortcoming in the field while there are outlets to publish studies of popular culture and outlets to publish pedagogical practitioner pieces there is no outlet to publish practitioner pieces on studying popular culture in spite of the increased popularity and legitimacy of the field *PARCC Guidebook: Success Strategies for Teachers* Julie C. Lyons, Marisa Adams, 2015-03-30 PARCC Guidebook Success Strategies for Teachers Highlights Sample Questions Test Tools PARCC Lingo Professional Development Best Practices CCSS The PARCC Guidebook Success Strategies for Teachers is designed to help educators understand the nuances of PARCC This book takes all of the information and consolidates it into the most key critical elements for educators to focus on as they help their students prepare to succeed on the PARCC assessments

Digital Initiatives for Literacy Development in Elementary Classrooms: Emerging Research and Opportunities Brown, Sally Ann, 2017-08-11 Children of today are growing up in technology rich environments and spend countless hours engaged with digital tools It is essential that educators take advantage of children s technological skills once they enter the classroom Digital Initiatives for Literacy Development in Elementary Classrooms Emerging Research and Opportunities is an essential reference work featuring the latest scholarly research on the benefits of technology integration into classrooms to enhance learning experiences Including coverage on a number of topics and perspectives such as multimodal literacy cloud based writing and social semiotics this publication is ideally designed for educators media specialists instructional technology coaches literacy coaches and academics seeking current research on classroom literacy practices *Popular Music, Cultural Politics and Music Education in China* Wai-Chung Ho, 2016-12-08 While attention has been paid to various aspects of music education in China to date no single publication has systematically addressed the complex interplay of sociopolitical transformations underlying the development of popular music and music education in the multilevel culture of China Before the implementation of the new curriculum reforms in China at the beginning of the twenty first century there was neither Chinese nor Western popular music in textbook materials Popular culture had long been prohibited in school music education by China s strong revolutionary orientation which feared spiritual pollution by Western cultures However since the early twenty first century education reform has attempted to help students deal with experiences in their daily lives and has officially included learning the canon of popular music in the music curriculum In relation to this topic this book analyses how social transformation and cultural politics have affected community relations and the transmission of popular music through school music education Ho presents music and music education as sociopolitical constructions of nationalism and globalization Moreover how popular music is received in national and global contexts and how it affects the construction of social and musical meanings in school music education as well as the reformation of music education in mainland China is discussed Based on the perspectives of school music teachers and students the findings of the empirical studies in this book address the power and potential use of popular music in school music education as a producer and reproducer of cultural

politics in the music curriculum in the mainland *Bilingualism and Bilingual Education: Politics, Policies and Practices in a Globalized Society* B. Gloria Guzmán Johannessen, 2019-01-14 This volume presents a multinational perspective on the juxtaposition of language and politics Bringing together an international group of authors it offers theoretical and historical constructs on bilingualism and bilingual education It highlights the sociocultural complexities of bilingualism in societies where indigenous and other languages coexist with colonial dominant and other prestigious immigrant languages It underlines the linguistic diaspora and expansion of English as the world's lingua franca and their impact on indigenous and other minority languages Finally it features models of language teaching and teacher education This book challenges the existent global conditions of non dominant languages and furthers the discourse on language politics and policies It does so by pointing out the need to change the bilingual multilingual educational paradigm across nations and all levels of educational systems *Building Bilingual Education Systems* Peeter Mehisto, Fred Genesee, 2015-03-12 A collaborative series with the University of Cambridge Faculty of Education highlighting leading edge research across Teacher Education International Education Reform and Language Education ECRM2014-Proceedings of the 13th European Conference on Research Methodology for Business and Management Studies Dr Martin Rich, Dr Anne Brown, 2014-06-16

Argumentative Writing in a Second Language Alan R. Hirvela, Diane Belcher, 2021-12-13 Argumentative Writing in a Second Language is a collection on teaching argumentative writing offering multiple vantage points drawn from the contributors' own teaching and research experiences The value of learning how to compose argumentative texts cannot be overstated and yet very little attention has been allocated to the equally important topic of how argumentation is or can be taught in the L2 context Thus this volume shifts attention to teachers and argumentative writing instruction especially within increasingly common multimodal and digital literacy settings While doing so it provides a comprehensive wide ranging view of the L2 argumentative writing landscape within an instructional lens Part I of the volume is topic oriented and focuses on explorations of important issues and perspectives while Part II features several chapters reporting classroom based studies of a variety of instructional approaches that expand our understanding of how argumentative writing can be taught The book will be of value to pre service and in service teachers in varying instructional contexts as well as teacher educators and L2 writing scholars researchers

Culture, Music Education, and the Chinese Dream in Mainland China Wai-Chung Ho, 2018-01-04 This book focuses on the rapidly changing sociology of music as manifested in Chinese society and Chinese education It examines how social changes and cultural politics affect how music is currently being used in connection with the Chinese dream While there is a growing trend toward incorporating the Chinese dream into school education and higher education there has been no scholarly discussion to date The combination of cultural politics transformed authority relations and officially approved songs can provide us with an understanding of the official content on the Chinese dream that is conveyed in today's Chinese society and how these factors have influenced the renewal of values based education and

practices in school music education in China

All-Attainment Teaching in Secondary Mathematics Colin

Jackson, 2022-02-09 This book is about the promotion of all attainment teaching in the mathematics classroom The book contains the individual stories of six teachers working in three different schools an inner London comprehensive with a largely working class intake a comprehensive on the south coast and a rural comprehensive in Cambridgeshire Each story describes and explains in brief the background of the teacher and how each came to teach all attainment groups in mathematics The research reported in this book is the only close examination and analysis of the practices and methodologies of successful all attainment educators in the modern age Three major themes are identified and examined what sustains the teachers how they introduce develop and maintain all attainment teaching and how they make all attainment work in the classroom From an analysis of these findings the book presents two interrelated models of the knowledge and understandings the research has generated The first one is an overarching model of situation and horizon Used as a means of visualizing and understanding the current situation for teachers it can aid in encouraging change for the better The second model offers teachers a way to think of all attainment teaching as an enabler for all students most especially for disadvantaged students Both models have original and explanatory power and offer new ways of conceptualizing how mathematics teaching for social justice might be understood and implemented offering fresh perspectives and unique insights As such it will be of help to students at undergraduate Masters and doctoral level and to education researchers more widely
