The Debt Trap Josh Mitchell, 2021-08-03 AN NPR AND NEW YORK POST BEST BOOK OF 2021 From acclaimed Wall Street Journal reporter Josh Mitchell the devastating account The Wall Street Journal of student debt in America In 1981 a new executive at Sallie Mae took home the company's financial documents to review You've got to be shitting me he later told the company's CEO This place is a gold mine Over the next four decades the student loan industry that Sallie Mae and Congress created blew up into a crisis that would submerge a generation of Americans into 1.5 trillion in student debt In The Debt Trap Wall Street Journal reporter Josh Mitchell tells the vivid and compelling Chicago Tribune untold story of the scandals scams predatory actors and government malpractice that have created the behemoth that one of its original architects called a monster As he charts the jaw-dropping Jeffrey Selinger New York Times bestselling author of Who Gets in and Why seventy-year history of student debt in America Mitchell never loses sight of the countless student victims ensnared by an exploitative system that depends on their debt Mitchell also draws alarming parallels to the housing crisis in the late 2000s showing the catastrophic consequences student debt has had on families and the nation's future Mitchell's character-driven narrative is necessary reading The New York Times for anyone wanting to understand the central economic issue of our day

The Methods and Ethics of Researching Unprovenienced Artifacts from East Asia Christopher J. Foster, Glenda Chao, Mercedes Valmisa, 2024-04-17 The immense outpouring of archaeological discoveries this past century has shed new light on ancient East Asia and China in particular Yet in concert with this development another more troubling trend has likewise gained momentum the looting of cultural heritage and the sale of unprovenienced antiquities Scholars face difficult questions from the ethics of working with objects of unknown provenance to the methodological problems inherent in their research The goal of this Element is to encourage scholars to critically examine their relationships to their sources and reflect upon the impact of their research The three essays in this Element present a range of disciplinary perspectives focusing on systemic issues and the nuances of method versus ethics with a case study of the so-called Han board MSS given as a specific illustration This title is also available as open access on Cambridge Core

Ontario from preschool through to adulthood and addresses relevant issues and topics for each age group Featuring chapter summaries definitions of key terms lists of further resources and reflective questions this highly accessible and pedagogically rich text is vital reading not only for current and future practitioners but also for parents of children with ASD Daily Commercial Letter ,1894 Daily Commercial Bulletin ,1883 **The Allied Defense of the Malay Barrier, 1941-1942** Tom Womack,2015-12-01 Though few realize it the Netherlands East Indies were the object of Japan s attack on Pearl Harbor in December 1941 Likewise their invasions of Guam Wake Island and the Philippines were mainly diversionary operations to safeguard their main assault on Dutch and British colonies Since the end of World War I Japan had coveted the vast East Indies oil reserves and the colony had feared invasion since Germany overran Holland in May 1940 Isolated politically the weakly defended archipelago was a tempting prize The East Indies government initially maintained a strict policy of neutrality while desperately working to build up its military strength As Japanese actions pushed the region toward war the Dutch reluctantly embraced closer ties with America and Britain For a brief period the East Indies were key players in Pacific War strategy This book details for the first time in English the Dutch prewar strategy their efforts to counter Japanese espionage and their sizable though largely forgotten military contribution in the early months of the Pacific War St. Louis Daily Market Reporter and Merchants Exchange Price Current ,1898 **The Road to the Two Sudans** Souad Ali,Richard Lobban,2014-03-17 Parallel with the previous volume of conference papers in 2008 Sudan s Wars and Peace Agreements most of these selected and thematic articles were originally presented as papers at the 31st meeting of the Sudan Studies Association SSA at Arizona State University in 2012 Since that time the Comprehensive Peace Agreement of 2005 provided for the self determination referendum of 2011 that resulted in the independence of the new Republic of South Sudan The previous book presaged this present volume as the perhaps inevitable outcome of endless conflicts with no serious effort to make unity attractive As this book goes to press the new Republic of South Sudan is itself wracked with violent conflict The hopes to build a new democratic and civil society in the south from the many inherited problems have now devolved to dysfunction itself Reading this book will realistically help in understanding these Roads taken The editors and authors have created a multi faceted account which reveals the complex foundations of these conflicts between north and south and recently within the south itself While Khartoum struggles onward with the Islamist project regional conflicts and grave economic problems Juba stumbles with corruption armed rebellion and a grave humanitarian crisis The half full glass of dreams of social and economic development supported by oil revenue has been replaced by a glass half empty with new varieties of political dysfunction in which both nations have grave problems in security and economic stability in a generally troubled regional neighborhood **Woodrow Wilson** Edwin A. Weinstein,2014-07-14 Throughout this narrative the author combines the historical material with an expert understanding of Wilson s ailments to point out ways in which the state of his health changed the course of national and international events Originally published in 1981 The Princeton Legacy Library
