Fitzgerald, 2018-12-14 Many prominent and well known figures greatly impacted the civil rights movement but one of the most influential and unsung leaders of that period was Gloria Richardson As the leader of the Cambridge Nonviolent Action Committee CNAC a multifaceted liberation campaign formed to target segregation and racial inequality in Cambridge Maryland Richardson advocated for economic justice and tactics beyond nonviolent demonstrations Her philosophies and strategies including her

belief that black people had a right to self defense were adopted often without credit by a number of civil rights and black power leaders and activists. The Struggle Is Eternal Gloria Richardson and Black Liberation explores the largely forgotten but deeply significant life of this central figure and her determination to improve the lives of black people. Using a wide range of source materials including interviews with Richardson and her personal papers as well as interviews with dozens of her friends, relatives and civil rights colleagues, Joseph R. Fitzgerald presents an all encompassing narrative. From Richardson's childhood when her parents taught her the importance of racial pride through the next eight decades, Fitzgerald relates a detailed and compelling story of her life. He reveals how Richardson's human rights activism extended far beyond Cambridge and how her leadership style and vision for liberation were embraced by the younger activists of the black power movement who would carry the struggle on throughout the late 1960s and into the 1970s.

The Great University Gamble Andrew McGettigan, 2013-04-05. In 2010 the UK government imposed huge cuts and market driven reforms on higher education. Proposals to raise undergraduate tuition fees led to angry student led protests. What will become of higher education under this new policy regime? The Great University Gamble outlines the architecture of the new frontier for higher education, surveying the financial and policy details. Andrew McGettigan asks the big questions: What will be the role of universities within society? How will they be funded? What kind of experiences will they offer students? Where does the public interest lie? With privatisation infringing on our universities and colleges, education is threatened with transformation from a public good into a private individual financial investment.
