Leading Change in Teacher Education Thuwayba Al Barwani, Maria Assunção Flores, David Imig, 2018-12-12 The international attempt to expand schooling despite dealing with an insufficient number of trained teachers has placed significant pressure on teacher education Continued effort to change all aspects of teacher education including ways of learning methods of practice institution interaction and assessment of teaching ability in order to fulfil the desire to offer inclusive and equitable teaching for all is a serious consideration In response to this increased attention on cross national campaigns *Leading Change in Teacher Education* features discussions covering what has been done how and why the change has happened the journey itself and the challenges encountered along the way alongside contributions from international academics who share their reflections and suggestions for a way forward despite a global shortage of teachers Strategies surrounding the design and delivery of education now centre on improving how teachers are prepared supported and evaluated *Leading Change in Teacher Education* captures the stories of international change leaders by Providing details of both the successes and challenges faced Presenting innovative practices in teacher education from around the world Describing the strategies put in place to ensure that teacher education is developing The topics discussed are relevant for educators policymakers and international organizations involved in the design and implementation of programmes in teacher education *Leading Change in Teacher Education* is also an invaluable resource for those looking to increase the changes occurring within teacher education

Neoliberal Cities Andrew J. Diamond, Thomas J. Sugrue, 2020-08-25 Traces decades of troubled attempts to fund private answers to public urban problems The American city has long been a laboratory for austerity governmental decentralization and market based solutions to urgent public problems such as affordable housing criminal justice and education Through richly told case studies from Boston Chicago Cleveland Los Angeles New Orleans and New York *Neoliberal Cities* provides the necessary context to understand the always intensifying racial and economic inequality in and around the city center In this original collection of essays urban historians

and sociologists trace the role that public policies have played in reshaping cities with particular attention to labor the privatization of public services the collapse of welfare the rise of gentrification the expansion of the carceral state and the politics of community control In so doing Neoliberal Cities offers a bottom up approach to social scientific theoretical and historical accounts of urban America exploring the ways that activists and grassroots organizations as well as ordinary citizens came to terms with new market oriented public policies promoted by multinational corporations financial institutions and political parties Neoliberal Cities offers new scaffolding for urban and metropolitan change with attention to the interaction between policymaking city planning social movements and the market *Southwest Builder and Contractor*
