School Science Practical Work in Africa Umesh Ramnarain, 2020-06-01 School Science Practical Work in Africa presents the scope of research and practice of science practical work in African schools. It brings together prominent science educators and researchers from Africa to share their experience and findings on pedagogical innovations and research informed practices on school science practical work. The book highlights trends and patterns in the enactment and role of practical work across African countries. Practical work is regarded as intrinsic to science teaching and learning and the form of practical work that is strongly advocated is inquiry based learning which signals a definite paradigm shift from the traditional teacher dominated to a learner centered approach. The book provides empirical research on approaches to practical work contextual factors in the enactment of practical work and professional development in teaching practical work. This book will be of great interest to academics, researchers and post graduate students in the fields of science education and educational policy.

The Palgrave Handbook of Teacher Education Research Ian Menter, 2023-03-24 This handbook presents a timeless comprehensive and up to date resource covering major issues in the field of teacher education research. In a global landscape where migration, inequality, climate change, political upheavals and strife continue to be broadly manifest, governments and scholars alike are increasingly considering what role education systems can play in achieving stability and managed sustainable economic development. With growing awareness that the quality of education is very closely related to the quality of teachers and teaching, teacher education has moved into a key position in international debate and discussion. This volume brings together transnational perspectives to provide insight and evidence of current policy and practice in the field, covering issues such as teacher supply, preservice education, continuing professional learning, leadership development, professionalism and identity, comparative and policy studies as well as gender equity and social justice.
