*Possibilities and Complexities of Decolonising Higher Education* Aneta Hayes, Kathy Lockett, Greg William Misiaszek, 2023-03-31 The chapters in this book highlight the possibilities and complexities of putting decolonial theory to work in higher education in Northern and Southern contexts across the globe This book looks at decolonial work as praxis involving transformation at a range of levels from theoretical development national policy institutional policy and culture academic discipline programme course classroom student and the self Our authors argue that praxis in their contexts includes working at institutional level to undo the historical power of coloniality in universities in the metropolises introducing

Indigenous knowledges into curricula and undoing the effects of coloniality in embodiment temporality and whiteness We as editors argue for the need for transformation of the self as well as structures and highlight qualities such as reflexivity on our own entanglements with coloniality and why they occur in this undoing The approach offered in this book emphasises the connection between significant personal change as a pre condition and an epistemological process to connect critical decolonial theory and our teaching practice The book was originally published as a special issue of the journal Teaching in Higher Education

**Pennsylvania Farming** Sally McMurry,2017-06-08 Since precolonial times agriculture has been deeply woven into the fabric of Pennsylvania s history and culture Pennsylvania Farming presents the first history of Pennsylvania agriculture in more than sixty years and offers a completely new perspective Sally McMurry goes beyond a strictly economic approach and considers the diverse forces that helped shape the farming landscape from physical factors to cultural repertoires to labor systems Above all the people who created and worked on Pennsylvania s farms are placed at the center of attention More than 150 photographs inform the interpretation which offers a sweeping look at the evolution of Pennsylvania s agricultural landscapes right up to the present day     *Life in the Age of Drone Warfare* Lisa Parks,Caren Kaplan,2017-10-19 This volume s contributors offer a new critical language through which to explore and assess the historical juridical geopolitical and cultural dimensions of drone technology and warfare They show how drones generate particular ways of visualizing the spaces and targets of war while acting as tools to exercise state power Essays include discussions of the legal justifications of extrajudicial killings and how US drone strikes in the Horn of Africa impact life on the ground as well as a personal narrative of a former drone operator The contributors also explore drone warfare in relation to sovereignty governance and social difference provide accounts of the relationships between drone technologies and modes of perception and mediation and theorize drones relation to biopolitics robotics automation and art Interdisciplinary and timely *Life in the Age of Drone Warfare* extends the critical study of drones while expanding the public discussion of one of our era s most ubiquitous instruments of war Contributors Peter Asaro Brandon Wayne Bryant Katherine Chandler Jordan Crandall Ricardo Dominguez Derek Gregory Inderpal Grewal Lisa Hajjar Caren Kaplan Andrea Miller Anjali Nath Jeremy Packer Lisa Parks Joshua Reeves Thomas Stubblefield Madiha Tahir     **"Brother Woodrow"** Stockton Axson,Arthur Stanley Link,2014-07-14 This memoir of Woodrow Wilson is a long neglected treasure full of the candid and perceptive observations of Wilson s brother in law and close friend Stockton Axson A charming and talented scholar of English literature Axson became one of the few people in whom the reticent Wilson confided freely Axson and Wilson met in 1884 when Wilson was courting Axson s sister Ellen while Axson was still a school boy The friendship of the two men ended only with the president s death in 1924 Axson s fondness

for his mentor Brother Woodrow pervades this account but he is frank in his analysis of Wilson's flaws. As one of only a few personal memoirs of Wilson, this book offers a uniquely intimate view of the human side of the introverted president and a sensitive evocation of the social life of a bygone era. Axson begins with memories of Wilson's father and of Wilson's life as a young man, including his engagement and marriage to Ellen Axson and his early teaching posts. Wilson taught for twelve years at Princeton University before his accession to its presidency, and Axson also taught there during this period. After Wilson began his stormy career as president of Princeton, Axson's bachelor quarters were often a meeting place for the Wilson faction. His lucid analysis of Wilson's successes and failures as Princeton's president is one of the highlights of the book and probably the best record of these years of Wilson's life. The book ends with a look behind the scenes of Wilson's career as governor of New Jersey and president of the United States and an analysis of the growing complexity of his personality. It is Uncle Joseph Wilson's father in him observed one relative of Wilson's seeming rigidity. From the standpoint of a loving family member, Axson offers a penetrating but sympathetic report on how Wilson changed as he bore the terrible burdens of World War I and its aftermath. Originally published in 1993, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
