Thermostats

Transformer

Variable Speed Fan

Fig. 7. Wiring variable speed fan to TrueZONE panel.

If using a Honeywell TrueZONE panel, the panel's DS/BK terminal is intended for use with a variable-speed fan. When one zone is calling (or less than 25% of capacity on systems with more than 4 zones), this terminal will be de-energized of 24 VAC. This reduces blower speed on most variable speed blowers.

Honeywell Zoning System Design Manual
