The purpose of the Socioautobiography is to use the insights from sociology to better understand how your own story is shaped by someone else's contribution. The Socioautobiography is rather a reflective exercise in which you step outside of yourself and employ sociological concepts to interpret how your experiences were the result of a culture or how your life fits in a social context and the result of generations of people who created the conditions for you to flourish. Try to understand who you are in your social context using a sociological perspective AND historical social leader. As you write your story, use sociological concepts— such as social class, reference group, conformity, norm, role, deviance, subculture, and any others that are helpful—to interpret your life experiences. You may want to focus on how that particular historical individual you selected influenced several events, special moments, or important relationships in your life in significant ways. Recall key themes, events, or circumstances that have contributed to the construction of your identity. You may want to discuss the importance of this historical social leader influenced others,
