fundamentally different it is post totalitarian Authority may be centralized but power remains diffuse McEachern maps this process in great detail supplying vital perspective on North Korea s reactive policy choices which continue to bewilder the West

**Early Modern China and Northeast Asia** Evelyn S. Rawski, 2015-06-05 In this revisionist history of early modern China Evelyn Rawski challenges the notion of Chinese history as a linear narrative of dynasties dominated by the Central Plains and Hans Chinese culture from a unique peripheral perspective Rawski argues that China has been shaped by its relations with Japan Korea the Jurchen Manchu and Mongol States and must therefore be viewed both within the context of a regional framework and as part of a global maritime network of trade Drawing on a rich variety of Japanese Korean Manchu and Chinese archival sources Rawski analyses the conflicts and regime changes that accompanied the region's integration into the world economy during the sixteenth and seventeenth centuries Early Modern China and Northeast Asia places Sino Korean and Sino Japanese relations within the context of northeast Asian geopolitics surveying complex relations which continue to this day

**The Making and Marketing of Tottel's Miscellany, 1557** J. Christopher Warner, 2016-03-09 First published in the summer of 1557 as the protestant martyrs' pyres blazed across England Songes and Sonettes written by the ryght honorable Lorde Henry Haward late Earle of Surrey and other more generally known as Tottel's Miscellany is widely regarded as the first anthology of English poetry responsible for introducing Italianate verse forms to England Yet those scholars who have paid attention to the book usually dismiss its literary quality and regard its chief accomplishment as paving the way for the Golden Age of Elizabethan verse to come As Professor Warner makes clear however there is much more historical significance to the Miscellany than merely being a precursor to Shakespeare and Sidney Drawing upon a wealth of historical

textual and literary evidence this new study recasts the Miscellany as a peculiar phenomenon of the reign of Mary I Placing it in the context of its European counterparts and its competition in the London book market Warner argues that at heart the Miscellany was a collaborative project between the printer Richard Tottel and law students from the Inns of Court and represented a timely response to the religious political and social upheavals of the English Reformation and Counter Reformation Analysing from both a literary and historical perspective this study reconnects the Miscellany with the social cultural literary and religious milieu in which it was created Warner thus reveals not only the distinctiveness of the book s design compared to other English verse works for sale in 1557 but its function as a patriotic retort to Continental collections of verse including one that put into print a selection of satirical songs and sonnets written by the Spanish caballeros who found themselves reluctant attendants at the court of Mary I

**Peace Without Consensus** Mary-Alice C. Clancy,2016-05-13 Peace Without Consensus demonstrates that the rise of Sinn Féin and the Democratic Unionist Party DUP was not inevitable Rather it argues that critics who blame Northern Ireland s power sharing institutions for the electoral triumph of the political extremes in

2003 have not fully considered how the US British and Irish governments contributed to this outcome Through interviews with key US British and Irish officials this groundbreaking analysis which represents the first examination of the Bush administration s vital role in the peace process demonstrates that Washington and Dublin were considering a deal between the DUP and Sinn F in as early as 2002 Profiled in the Guardian the Observer BBC Radio Four the Irish Independent and in Henry McDonald s Gunsmoke and Mirrors Mary Alice C Clancy s theoretically informed and empirically grounded book presents new and salient lessons for other regions embroiled in conflict and should be read by all those interested in Northern Ireland s peace process and US foreign policy
