Consumer's Resource Handbook U.S. Office of Consumer Affairs, 1988 *Consumer's Resource Handbook*, 1997 **A Suggested Teacher's Guide to the Consumer's Resource Handbook**, 1987 **101 Sample Write-Ups for Documenting Employee Performance Problems** Paul Falcone, 2010-03-24 Whether you're addressing an initial infraction or handling termination worthy transgressions you need to be 100 percent confident that every employee encounter is clear, fair and most importantly legal. Thankfully, HR expert Paul Falcone has provided this wide-ranging resource that explains in detail the disciplinary process and provides ready-to-use documents that eliminate stress and second-guessing about what to do and say. Revised to reflect the latest developments in employment law, the third edition of *101 Sample Write-Ups for Documenting Employee Performance Problems* includes expertly crafted, easily customizable write-ups that address sexual harassment, absenteeism, insubordination, drug or alcohol abuse, substandard work, email and phone misuse, teamwork issues, managerial misconduct, confidentiality breaches, social media abuse and more. With each sample document also including a performance improvement plan, outcomes and consequences, and a section of employee rebuttal, it's easy to see why over 100,000 copies have already been sold, making life for managers and HR personnel significantly easier when it comes to addressing employee performance issues.

A Complaint Is a Gift Janelle Barlow, Claus Møller, 2008-08-18 A customer complaint is the most valuable source of feedback you can receive to improve your business. This new and improved second edition guides you through responding to complaints, taking advantage of when complaints become personal and how you too can complain constructively and effectively. The first edition of *A Complaint Is a Gift* introduced the revolutionary notion that customer complaints are not annoyances to be dodged, denied or buried, but are instead valuable pieces of feedback. In fact, they're your best bargain in market research. Customer complaints can give businesses a wake-up call when they're not achieving their fundamental purpose: meeting customer needs. Complaints provide a feedback mechanism that can help organizations rapidly and inexpensively strengthen products, service, style and market focus. Most importantly, complaints create a moment of truth when a customer who is deciding whether to return can be made even more loyal. Using numerous real-life examples, authors Janelle Barlow and Claus Møller show precisely how to handle complaints in a way that brings benefit to your organization and satisfaction to your customers, even when you have to say no. The second edition features two brand-new chapters on receiving and responding to complaints online, a new section on how to deal with and take advantage of complaints that are directed at you personally, and turning the tables, a section on how you can complain constructively and effectively. And throughout the text has been heavily revised with a wealth of new examples, tools and strategies.
