Secularism and Islam in Bangladesh Abdul Wahab, 2023-10-13 Secularism and Islam in Bangladesh comprehensively analyses the syncretistic form of Bengali Islam and its relationship with secularism in Bangladesh from pre British to contemporary times. It focuses on the importance of understanding the dynamics between religion and secularism within specific cultural contexts. The author draws upon historical sociological and political literature, Bangladeshi electoral results, newspaper reports and elite interviews with political commentators and offers a rich historical and empirical analysis. Arguing that extremist interpretations of Islam which aim to establish a theocratic state have not been able to influence the pluralistic religious and cultural life of Bangladesh, substantially the book shows that religious and cultural pluralism will continue to thrive despite the apparent threat posed by increasing religiosity among Bangladeshi Muslims. This book is a timely and significant contribution to the discourse on secularism and Islam with relevance beyond Bangladesh and the wider Islamic world. It will appeal to scholars and researchers working in the fields of South Asian studies, Asian religions and the sociology of religion.

A Story of Ambivalent Modernization in Bangladesh and West Bengal Pranab Chatterjee, 2010 This book details the evolution of Bengali culture in both Bangladesh and West Bengal since antiquity and argues for its modernization. Originally peripheral to Hindu civilization based in North India, Bengali culture was subjected to various forms of Sanskritization. Centuries of invasions, 1204-1757, resulted most notably in the Islamization of Bengal. Often there were conflicts between Sanskritization and Islamization. Later, colonization of Bengal by Britain, 1757, led to a process of Anglicization which created a new middle class in Bengal that in turn created a form of elitism among the Bengali Hindu upper caste. After British rule ended, 1947, Bengali culture lost its elitist status in South Asia and has undergone severe marginalization. Political instability and economic insufficiency as reflected by many quantitative and qualitative indicators are common and contribute to pervasive unemployment, alienation, vigilantism and instability in the entire region. *A Story of Ambivalent Modernization in Bangladesh and West Bengal* is appropriate not only for Bengali intellectuals and scholars but for sociologists, political scientists, cultural anthropologists, historians and others interested in a case study of how and why a given culture becomes derailed from its path toward modernization.

Bangladesh in Bondage Q M Jalal Khan, 2021-04-12 This book brings together a collection of essays about the untenable political status quo in Bangladesh under Sheikh Hasina. Since democratization in the 1990s, Bangladeshi political life has been characterized by fierce battles over the role of religion in society, corruption, and the obstacles to constructing a society with freedom of expression and rule of law independent from the influence of powerful neighboring countries. Academic freedom and other human rights issues have hindered the study of Bangladesh heretofore, and corruption, police abuses, and election rigging are common as well as widely documented. In this passionate, sometimes personal exploration of the issues of social justice, rule of law, and the democratic process in Bangladesh, the book offers a valuable case study of how an Asian developmental state is otherwise regressing backwards morally, socially, and politically. The Bangladeshi struggle for sovereignty, prosperity, and democracy documented in this book will be of interest to political scientists, scholars of South Asia, and those of Islam.

Compiled and Edited by Nafis Sadique Shatil, MinorityWatch.org. Compiled and authored from verified reports published on MinorityWatch.org. This is the first installment in a groundbreaking quarterly series that documents human rights violations against religious, ethnic, and socially marginalized communities in Bangladesh. Covering the months of April to June 2025, this edition presents a collection of rigorously verified reports of persecution, from sexual violence and extrajudicial eviction to temple demolitions and systemic police inaction. With a focus on accountability and clarity, the report avoids speculation or editorial bias, serving as a vital resource for human rights defenders, legal professionals, journalists, researchers, and policymakers. Keramat, Sacred Relics and Forbidden Idols in Singapore William L. Gibson, 2024-08-29 Keramat holy graves and shrines represent physical markers of Singapore's history as a multi ethnic maritime trading center They offered sanctified spaces not only for Muslims but also for the entire community in which they emerged Maintained by self appointed caretakers the stories of keramat often interweave fact with folklore that mirror the history and sensibilities of the community While once an abundant part of the social landscape of Singapore many keramat were destroyed during the post independence rush to develop These keramat now face a second vanishing with memories of them fading as caretakers and community members age and pass away In parallel many modern Muslims consider keramat as a form of shirk or polytheism and tacitly consent to their destruction This book concludes by critically examining the often tense relationship between keramat and authority both secular and religious from colonial to modern times The dilemmas of grappling with puritanical norms and grassroots elaborations in varying modes of preservation are investigated using case studies from Singapore and the wider region A vital resource for scholars this work contributes to a people's history of Singapore one that both deepens and problematizes official historical accounts

Manujendra Kundu,2024-02-22 Covering nearly 225 years this volume tries to capture a broad spectrum of the situation of women performers from Gerasim Lebedeff's time 1795 who are considered to be the first performers in modern Bengali theatre to today's time The moot question is whether the role of women as performers evolved down the centuries Whether this question will lead us to their subjugation to their male counterparts producers and directors has been explored here to give readers an understanding of when where by whom the politics began and by tracing the footprints we have tried to understand if the politics has changed or remains unchanged or metamorphosed with regard to the woman's question in the performance discourse We have explored in this regard how her body mind and sexuality interacted with and negotiated the phallogocentric hierarchy The essays included are on i Baiji Tawaif culture in eastern and western Bengal ii prostitute fallen women patita beshya performers iii IPTA and the Naxalbari movement iv group and commercial professional theatre of Kolkata v women's position in the theatre of Bangladesh vi Cabaret with an interview with Miss Shefali vii Jatra viii Baul tradition ix Besides there are chapters on English Anglo Indian Jew Nachni performers and the illustrious dancer Amala Shankar and film music dance in general

Nationalism and Intra-State Conflicts in the Postcolonial World

Fonkem Achankeng,2015-09-28 This book highlights the complexities of nationalism and the struggles of different groups left unaddressed within the nation states of a postcolonial world The central question is what happened to the worldly and radical visions of freedom liberty and equality that animated intellectual activists and policy makers from Woodrow Wilson in the 1920s This book analyzes the outcome of lumping disparate groups of people together under one nation state and holding them together against the knowledge of the incompatibility theory of plural states In a world of arbitrarily and colonially mapped sovereign states groups and nations with distinctive histories and cultures trapped within the borders of sovereign states want the freedom to decide their own destinies This book challenges deconstructs and decolonizes Western epistemologies related to postcolonial state formation and maintenance In examining the freedom concept that no human group ought to be determining the independence of other human groups this book constructs an alternative conceptualization of nations and peoples rights in the twenty first century in which radical hopes and global dreams are recognized as central to internal nationalism struggles

Hashmi,2000-03-10 This work of research by Taj Hashmi puts the issue of women's position in society in historical as well as Islamic perspectives to relate it to the objective conditions in Bangladesh In eight illuminating chapters he narrates how Quranic edicts about women have through the ages been misinterpreted by the power elites and the mullahs to suppress women Even NGOs are not immune from exploiting them Hope according to the author lies in the literacy and economic self reliance of the Bangladeshi women

Being Hindu In Bangladesh Deep Halder,Avishek Biswas,2023-11-23 For those who carry the scars of Partition more than seven decades after arbitrary lines scarred the subcontinent home is still on the other side of the Padma river They pine for those who were left behind as a great mass of humanity moved from the east to the west of Bengal to settle in Hindu

majority India Where are they today in the land that was then east Bengal which became East Pakistan in 1947 and then Bangladesh in 1971 According to an estimate from the Bangladesh Bureau of Statistics there were 17 million Hindus in Bangladesh in 2015 though the population is steadily dwindling Hindus in Bangladesh in the late 2000s were almost evenly distributed in all regions of the country with large concentrations in Gopalganj Dinajpur Sylhet Sunamganj Mymensingh Khulna Jessore Chittagong and parts of Chittagong s Hill Tracts Since the rise of Islamist political formations in the country during the 1990s many Hindus have been threatened or attacked and substantial numbers are leaving the country for India still Despite their dwindling numbers Hindus wield considerable influence because of their geographical concentration in certain regions of the country They form a majority of the electorate in at least two parliamentary constituencies and account for more than 25% in at least another thirty For this reason they are often the deciding factor in parliamentary elections where victory margins can be extremely narrow It is also alleged that this is a prime reason for many Hindus being prevented from voting in elections either through intimidating voters or through exclusion in voter list revisions In Being Hindu in Bangladesh journalist Deep Halder and academic Avishek Biswas explore the ground realities behind the statistics Through extensive research in Bangladesh and using archival material and records they attempt to sift out the truth behind the numbers Their aim is to find out the lived experience of those who stayed on in the country and ask important questions about the nature of identity its connection with religion and ultimately the very idea of home

Islam and Politics in Bangladesh

Mubashar Hasan,2020-01-27 This book conceptualizes the politics of Bangladesh through an Islamic concept called ummah or the global brotherhood of Muslims It demonstrates that against the backdrop of geopolitics capitalism and free flow of ideas localization of this global

religious concept at individual level institutional level major party platforms and state has cemented the current political condition in Bangladesh in which religiosity religious intolerance Islamization and extremism take place By exploring the effects of ummah in Bangladeshi politics this book shows how major political parties have mainstreamed political Islam in the country The book rejects the long standing scholarly claim of religious secular distinction in Bangladeshi politics and argues that with most Muslim dominated states there are no major secular parties in Bangladesh There are only Islamic parties which are more or less Islamic The purely rational domain of politics in Bangladesh is long lost and political Islam sets the framework for politics in the country The reason behind this logic of Bangladeshi politics is formed contained and expanded by ummah

Islamist Militancy in Bangladesh Ali Riaz, 2012-08-21 In an unprecedented show of force organization and skill two proscribed Islamist militant organizations exploded more than 450 bombs within a span of less than an hour throughout Bangladesh on 17 August 2005 sending a strong message that they were a force to be reckoned with This catastrophic event followed by a number of suicide attacks forced the then reluctant Bangladeshi government a coalition of center right parties with two Islamists among them to acknowledge the existence of a network of militants and take action against this threat Against this backdrop this book is the first academic study on the growing Islamist militancy in Bangladesh It examines the relevance significance and trajectories of militant Islamist groups in Bangladesh exploring the complex web of domestic regional and international events and dynamics that have both engendered and strengthened Islamist militancy in Bangladesh The three factors domestic regional and international aspects are each discussed separately and their connection and links are analyzed It goes on to consider possible future trajectories of militant Islamism in Bangladesh This book addresses an issue of great importance for contemporary Bangladeshi politics and will be of interest to scholars of international politics and security studies including terrorism and the politics of South Asia
