**The Man Who Broke Capitalism** David Gelles,2022-05-31

New York Times Bestseller New York Times reporter and Corner Office columnist David Gelles reveals legendary GE CEO Jack Welch to be the root of all that's wrong with capitalism today and offers advice on how we might right those wrongs In 1981 Jack Welch took over General Electric and quickly rose to fame as the first celebrity CEO He golfed with presidents mingled with movie stars and was idolized for growing GE into the most valuable company in the world But Welch's achievements didn't stem from some greater intelligence or business prowess Rather they were the result of a sustained effort to push GE's stock price ever higher often at the expense of workers consumers and innovation In this captivating revelatory book David Gelles argues that Welch single handedly ushered in a new cutthroat era of American capitalism that continues to this day Gelles chronicles Welch's campaign to vaporize hundreds of thousands of jobs in a bid to boost profits eviscerating the country's manufacturing base and destabilizing the middle class Welch's obsession with downsizing he eliminated 10% of

employees every year fundamentally altered GE and inspired generations of imitators who have employed his strategies at other companies around the globe In his day Welch was corporate America s leading proponent of mergers and acquisitions using deals to gobble up competitors and giving rise to an economy that is more concentrated and less dynamic And Welch pioneered the dark arts of financialization transforming GE from an admired industrial manufacturer into what was effectively an unregulated bank The finance business was hugely profitable in the short term and helped Welch keep GE s stock price ticking up But ultimately financialization undermined GE and dozens of other Fortune 500 companies Gelles shows how Welch s celebrated emphasis on increasing shareholder value by any means necessary layoffs outsourcing offshoring acquisitions and buybacks to name but a few tactics became the norm in American business generally He demonstrates how that approach has led to the greatest socioeconomic inequality since the Great Depression and harmed many of the very companies that have embraced it And he shows how a generation of Welch acolytes radically transformed companies like Boeing Home Depot Kraft Heinz and more Finally Gelles chronicles the change that is now afoot in corporate America highlighting companies and leaders who have abandoned Welchism and are proving that it is still possible to excel in the business world without destroying livelihoods gutting communities and spurning regulation

### **Winning Jack**

Welch,Suzy Welch,2005-04-05 Jack Welch knows how to win During his forty year career at General Electric he led the company to year after year success around the globe in multiple markets against brutal competition His honest be the best style of management became the gold standard in business with his relentless focus on people teamwork and profits Since Welch retired in 2001 as chairman and chief executive officer of GE he has traveled the world speaking to more than 250 000 people and answering their questions on dozens of wide ranging topics Inspired by his audiences and their hunger for straightforward guidance Welch has written both a philosophical and pragmatic book which is destined to become the bible of business for generations to come It clearly lays out the answers to the most difficult questions people face both on and off the job Welch s objective is to speak to people at every level of an organization in companies large and small His audience is everyone from line workers to MBAs from project managers to senior executives His goal is to help everyone who has a passion for success Welch begins Winning with an introductory section called Underneath It All which describes his business philosophy He explores the importance of values candor differentiation and voice and dignity for all The core of Winning is devoted to the real stuff of work This main part of the book is split into three sections The first looks inside the company from leadership to picking winners to making change happen The second section looks outside at the competition with chapters on strategy mergers and Six Sigma to name just three The next section of the book is about managing your career from finding the right job to achieving work life balance Welch s optimistic no excuses get it done mind set is riveting Packed with personal anecdotes and written in Jack s distinctive no b s voice Winning offers deep insights original thinking and solutions to nuts and bolts problems that will change the way people think about work

### **The 5 Paths to Persuasion Robert B.**

Miller, Gary A. Williams, Alden M. Hayashi, 2007-07-31 The truth is it doesn't matter how smart or how slick a presentation is if it isn't in sync with the decision maker's mindset then it's bound to fail That's the conclusion drawn by Miller and Williams who completed an exhaustive study of more than 1 700 key business executives Their research shows that decision makers can be placed into five distinct categories Charismatics Thinkers Skeptics Followers and Controllers Once the category the decision maker falls into is determined then the presentation can be tailored to their precise mindset *CIO* ,2002-05-15

**Power Failure** William D. Cohan, 2022-11-15 NEW YORK TIMES BESTSELLER The New Yorker Best Books of 2022 Financial Times Best Books of 2022 The Economist Best Books of 2022 The dramatic rise and unimaginable fall of America's most iconic corporation by New York Times bestselling author and pre eminent financial journalist William D Cohan No company embodied American ingenuity innovation and industrial power more spectacularly and more consistently than the General Electric Company GE once developed and manufactured many of the inventions we take for granted today nearly everything from the lightbulb to the jet engine GE also built a cult of financial and leadership success envied across the globe and became the world's most valuable and most admired company But even at the height of its prestige and influence cracks were forming in its formidable foundation In a masterful re appraisal of a company that once claimed to bring good things to life pre eminent financial journalist William D Cohan argues that the incredible story of GE's rise and fall is not only a paragon but also a prism through which we can better understand American capitalism Beginning with its founding innovations and exponential growth through acquisitions and mergers Cohan plumbs the depths of GE's storied management culture its pioneering doctrine of shareholder value and its seemingly hidden blind spots to reveal that GE wasn't immune from the hubris and avoidable mistakes suffered by many other corporations In *Power Failure* Cohan punctures the myth of GE exploring in a rich narrative how a once great company wound up broken and in tatters a cautionary tale for the ages

**Topgrading (revised PHP edition)** Bradford D. Smart Ph.D., 2005-04-07 Great companies don't just depend on strategies they depend on people The more great people on your team the more successful your organization will be But that

s easier said than done Statistically half of all employment decisions result in a mishire The wrong person winds up in the wrong job But companies that have followed Bradford Smart s advice in Topgrading have boosted their successful hiring rate to 90 percent or better giving them an unbeatable competitive advantage Now Smart has fully revised his 1999 management classic to reintroduce the topgrading concept which works for companies large and small in any industry The author spells out his practical approach to finding and managing A level talent as well as coaching B players to turn them into A players He provides intriguing case studies drawn from more than four thousand in depth interviews As Smart writes in his introduction All organizations all businesses live or die mostly on their talent and any manager who fails to topgrade is nuts or a C player Those who way deep down would sooner see an organization die than nudge an incompetent person out of a job should not read this book Topgrading is for A players and all those aspiring to be A players On the web <http://www.topgrading.com>

chronicle the longing for respect and serial womanizing of Dennis Kozlowski Frequently hilarious sometimes heartbreaking Testosterone Inc follows the intertwined lives of these four corporate heroes from childhood to their ultimate moments of glory and the crash and burn calamities that followed as man's age old hunger for power greed and temptation undid them all From suicide to murder from dysfunctional childhoods to dysfunctional marriages in adulthood from business chutzpah to financial suicide here is the ultimate untold business story of our time what went on at century's end when testosterone got the best of businessmen everywhere and CEOs went wild Hire With Your Head Lou Adler,2012-06-12 Hire with Your Head Updated with new case studies and more coverage of the impact and importance of the Internet in the hiring process this indispensable guide has shown tens of thousands of managers and human resources professionals how to find the perfect candidate for any position Lou Adler's Performance based Hiring is more powerful than ever We have chosen Performance based Hiring because it's a comprehensive process it's behaviorally grounded managers and recruiters find it easy to use and it works Marshall Utterson Director Staffing AIG Enterprise Services LLC Everyone's looking for the perfect means to make effective hiring decisions A trained interviewer armed with the right tools is the best solution Performance based Hiring is a proven methodology to get these results John Ganley Vice President and Chief Talent Officer Quest Software Any staffing director that doesn't send all of their people through Performance based Hiring training is missing out on top talent plain and simple This should be the standard throughout the industry Dan Hilbert Recruiting Manager Valero Energy Corporation Performance based Hiring has been the most successful recruitment tool that we have added to our organization over the past few years In fact these tools have not only produced amazing outcomes in terms of selecting the best fit in an extremely tight labor market but with a level of success among our operations customers that I have rarely seen with other HR products Trudy Knoepke Campbell Director Workforce Planning HealthEast's Care System **Management for Cannibals** ,

Make the Connection Steve Adubato,2006 Annotation A collection of practical essays sharing concrete tips to help you connect more effectively at work at home in leadership roles and in high tech environments With timely examples and practical suggestions this book is for anyone looking to improve their professional and personal relationships **New Paradigms on Becoming a Leader** Acene F. Fleurbaey,2013-07-11 Becoming a leader should be one of the greatest ambitions a person could ever have Leading other people seems to be such an honorable thing which has potential to elevate one's status with prestige honor and so on It is so true that I will spend my lifetime to encourage you all to go for it to fight with your soul and spirit except with your body to step after Mahatma Gandhi who was able to lead India to its independence using non violent fight in order to reach this mountaintop However it is not without prices and responsibilities It seems that a leader's responsibilities are greater than his rights in such a point there is nothing to gain in leading other people It would have been better to be led than to be leading So leadership would bring more pain to a leader's life than satisfaction However as leadership must be about serving others and the spirit of service leads to greatness it is good to aspire to become

a leader Now what does it take for one to become a leader Responding to this question will be all our endeavors in writing this book
