Anti-Fascism in Britain Nigel Copsey,2016-10-04 Anti fascism has long been one of the most active and dynamic areas of radical protest and direct action Yet it is an area of struggle and popular resistance that remains largely unexplored by historians sociologists and political scientists Fully revised and updated from its earlier edition this book continues to provide the definitive account of anti fascism in Britain from its roots in the 1930s opposition to Oswald Mosley and the British Union of Fascists to the street demonstrations and online campaigns of the twenty first century The author draws on an impressive range of sources including official government police and security services records the writings and recollections of activists themselves and the publications and propaganda of anti fascist groups and their opponents The book traces the ideological tactical and organisational evolution of anti fascist groups and explores their often complicated relationships with the mainstream and radical left as well as assessing their effectiveness in combating the extreme right **The New Woman in Alabama** Mary Martha Thomas,2020-10-06 Between 1890 and 1920 middle class white and black Alabama women created many clubs and organizations that took them out of the home and provided them with roles in the public sphere Beginning with the Alabama Woman s Christian Temperance Union in the 1880s and followed by the Alabama Federation of Women s Clubs and the Alabama Federation of Colored Women s Clubs in the 1890s women spearheaded the drive to eliminate child labor worked to improve the educational system upgraded the jails and prisons and created reform schools for both boys and girls Suffrage was also an item on the Progressive agenda After a brief surge of activity during the 1890s the suffrage drive lay dormant until 1912 when women created the Alabama Equal Suffrage Association During their campaigns in the 1915 and 1919 to persuade the legislature to enfranchise women the leaders learned the art of politics how to educate organize lobby and count votes Women seeking validation for their roles as homemakers and mother demanded a hearing in the political arena for issues that affected them and their families In the process they began to erase the line between the public world of men and the private world of women These were the New Women who tackled the problems created by the industrialization and urbanization of the New South By 1920 Alabama women had created new public spaces for themselves in these voluntary associations As a consequence of their involvement in reform crusades the women s club movement and

the campaign for woman suffrage women were no longer passive and dependent They were willing and able to be rightful participants Thomas s book is the first of its kind to focus on the reform activities of women during the Progressive Era and the first to consider the southern woman and all the organizations of middle class black and white women in the South and particularly in Alabama It is also the first to explore the drive of Alabama women to obtain the vote The development of political power among southern women progressed slowly Demolishing as it did the myth of the Southern Lady Traditionally confined to the domestic sphere southern women had no experience in public decision making and were discouraged from attaining the skills necessary for participation in public debate The division of women by race and class further impeded their political education But through their participation in so called women s issues child labor laws temperance and educational reform women gained experience in influencing political leaders Black and white women s clubs provided the framework for state wide lobbying Only in the wake of their success with domestic issues tackled through club organizations and temperance unions did women dare seek the right to vote They learned how to wield political power through acceptable ladylike avenues and it was this experience that led to their long but eventually successful drive for woman suffrage The New Woman eventually found a way to replace the Southern Lady

The Lost Girls John Glatt, 2015-04-14 A New York Times Bestseller New York Times bestselling crime writer John Glatt tells the true story behind the kidnappings and long overdue rescue of three women found in a Cleveland basement The Lost Girls tells the truly amazing story of Amanda Berry Gina DeJesus and Michelle Knight who were kidnapped imprisoned and repeatedly raped and beaten in a Cleveland house for over a decade by Ariel Castro and their amazing escape in May 2013 which made headlines all over the world The book has an exclusive interview and photographs of Ariel Castro s secret fianc who spent many romantic nights in his house of horror without realizing he had bound and chained captives just a few feet away There are also revealing interviews with several Castro family members musician friends and several neighbors who witnessed the dramatic rescue

The Second Fifty Debra Whitman, 2024-09-10 Expert guidance for living a longer healthier more meaningful second half of life As she approached her fiftieth birthday Debra Whitman a globally recognized expert on aging wanted to delve deeper into why so many Americans struggled to live well as they aged And she began to wonder what was in store for her own second fifty Suddenly the questions she d been studying for years became personal How long will I live Will I be healthy Will I lose my memory How long will I work Will I have enough money Where will I live How will I die Americans are now living decades longer than previous generations These added years offer exciting possibilities but also raise crucial questions In her groundbreaking book Whitman provides a roadmap for navigating and celebrating the second half of life Drawing on compelling stories from her own family and people across the country interviews with experts and cutting edge research she shares insights on brain health the contributions and concerns of an older workforce caregiving financing retirement and more Her findings are often surprising Americans over fifty are a boon to not a drain on the economy Dementia rates have

actually been declining as more people achieve higher levels of education and adopt healthier lifestyles And while we ve long known that staying connected to others is critical to mental health it turns out it is also linked to a stronger immune system lower blood pressure and a longer life Whitman presents practical steps we can take to help create a better second fifty for ourselves But we can t do it alone Whitman also calls for urgently needed changes that would make it easier for every American to enjoy a vital and meaningful second half of life Whether you are approaching fifty into your later years or caring for someone who is you ll find a wealth of wisdom in these pages Informed by Whitman s unmatched expertise and her deep passion The Second Fifty is an indispensable guide for living well in the twenty first century
