Introduction Norman Solomon, 2014-08-28 Norman Solomon's succinct book is an ideal introduction to Judaism as a religion and way of life Demonstrating the diverse nature and ethnic origin of those with the Jewish faith Solomon explores how the Jewish religion has developed in the 2 000 years since the days of the Bible This Very Short Introduction starts by outlining the basics of practical Judaism its festivals prayers customs and various sects and goes on to consider how Judaism has responded to and dealt with a number of key issues and debates including the impact of the Holocaust and the establishment of the State of Israel In this new edition Solomon considers issues of contemporary Judaism in the twenty first century ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Judaism Norman Solomon, 2009 This ideal introduction to Judaism answers questions such as Who are Jews and How did Judaism develop Solomon outlines the basics of practical Judaism and addresses modern concerns and debates among the Jewish people such as the impact of the Holocaust the status of women and Zionism P 4 of cover **Jewish History: A Very Short Introduction** David N. Myers, 2017-04-18 How have the Jews survived For millennia they have defied odds by overcoming the travails of exile persecution and recurring plans for their annihilation Many have attempted to explain this singular success as a result of divine intervention In this engaging book David N Myers charts the long journey of the Jews through history At the same time it points to two unlikely and decidedly this worldly factors to explain the survival of the Jews antisemitism and assimilation Usually regarded as grave dangers these two factors have continually interacted with one other to enable the persistence of the Jews At every turn in their history not just in the modern age Jews have adapted to new environments cultures languages and social norms These bountiful encounters with host societies have exercised the cultural

muscle of the Jews preventing the atrophy that would have occurred if they had not interacted so extensively with the non Jewish world It is through these encounters indeed through a process of assimilation that Jews came to develop distinct local customs speak many different languages and cultivate diverse musical culinary and intellectual traditions Left unchecked the Jews well honed ability to absorb from surrounding cultures might have led to their disappearance And yet the route toward full and unbridled assimilation was checked by the nearly constant presence of hatred toward the Jew Anti Jewish expression and actions have regularly accompanied Jews throughout history Part of the ironic success of antisemitism is its malleability its talent in assuming new forms and portraying the Jew in diverse and often contradictory images for example at once the arch capitalist and revolutionary Communist Antisemitism not only served to blunt further assimilation but in a paradoxical twist affirmed the Jew s sense of difference from the host society And thus together assimilation and antisemitism at least up to a certain limit contribute to the survival of the Jews as a highly adaptable and yet distinct group

The Very Short Introductions Blog Book Oxford University Press,2014-09-01 In this free Very Short Introductions Blog Book we ve gathered 30 of our VSI authors very best blog posts on topics including history politics science and more We hope you enjoy this glimpse into the passion insight and great writing that characterizes these authors and the Very Short Introductions series

An Educator's Classroom Guide to America's Religious Beliefs and Practices Benjamin J. Hubbard, John T. Hatfield, James A. Santucci, 2007-04-30 Today with all of the controversies surrounding religion

in the schools and in the public sphere it would seem more important than ever that teachers and librarians have a quick source of up to date correct unbiased information to give to patrons and students The authors of this book all are or have been professors of religion at various well known universities offer just that The book is arranged to cover most all of the known and little known religions in America Today with all of the controversies surrounding religion in the schools and in the public sphere it would seem more important than ever that teachers and librarians have a quick source of up to date correct unbiased information to give to patrons and students The authors of this book all are or have been professors of religion at various well known universities offer just that The book is arranged to cover most of the known and little known religions in America Each section includes Origins Beliefs Sacred Book Scriptures Practices Main Subgroups Common Misunderstandings and Stereotypes Classroom Concerns Population Data and Further Readings Though there are many guides to religions this book has the unique advantage of looking at each religion as it may affect the classroom and other student groups and activities

Good and Evil Perspectives to Know D. G. Reagle, 2025-04-11 In writing this book I set out with two main goals to create an accessible resource for anyone curious about life's big questions and to satisfy my own quest for answers While I often find the answers I seek they frequently lead to more questions especially on the nature of good and evil This concept has long intrigued me and for many it's a central question about God Over the past forty years I've explored these questions across the globe and contemplating the universe's mysteries While my conclusions may not resonate with everyone I hope to guide readers in finding answers that bring them peace Understanding good and evil can be deeply personal and I believe there's no single right answer what matters is discovering a perspective that aligns with your beliefs Various perspectives on good and evil emerge from religion philosophy and influential thinkers each offering unique insights Some overlap while others diverge significantly I invite you to consider questions like What defines good and evil for you Are they universal or culturally specific Is there a moral foundation and if so whose morals are they These reflections can encourage deeper exploration and build empathy

A Beginner's Guide to the Study of Religion Bradley L. Herling, 2016-03-10 How should we understand and interpret the strange but familiar thing that we call religion What are the foundations of a methodical approach to this subject and what theoretical tools are available to students who are new to this area of inquiry A Beginner's Guide to the Study of Religion provides an accessible wide ranging introduction to theories and basic methodology in the field Now in its second edition and updated throughout this concise but comprehensive book includes A case for the urgency and relevance of studying religion today Discussion of the role and perspective of the student of religion Description of the nature of theory and its function An accessible survey of classic theorists in the modern study of religion Feature boxes highlighting essential quotations and guiding principles for application of theories An expanded consideration of contemporary issues in the field including gender sexuality race ethnicity globalization violence science and new media Recommended further reading A Beginner's Guide to the Study of Religion offers a thorough but concise body of

material suitable for introductory courses on the study of religion or to provide theoretical context for survey courses Study questions and worksheets can be found on the book's webpage Psychotherapy and Spirituality Agneta Schreurs, 2002 Schreurs presents a range of therapeutic situations analogies and case studies in which spiritual concerns may arise and explores them from spiritual and psychological perspectives showing how they connect and differ This engaging book is essential reading for all therapists who feel out of their depth when patients raise spiritual concerns **The Routledge Handbook of Judaism in the 21st Century** Keren Eva Fraiman, Dean Phillip Bell, 2023-03-01 The Routledge Handbook of Judaism in the 21st Century is a cutting edge volume that addresses central questions and issues animating Judaism Jewish identity and Jewish society in a global integrated and forward looking way It introduces readers to the complexity of Judaism as it has developed and continues to develop throughout the 21st century through the prism of three contemporary sets of issues identities and geographies structures and power and knowledge and performances Within these sections international contributors examine central issues topics and debates including individual and collective identity globalization and localization Jewish demography diversity denominations and pluralism interreligious relations political orientations community organization family and gender the Bible and Talmud today Jewish philosophy and authority in Jewish thought digital Judaism antisemitism Jewish spirituality and rituals memory language religious education material culture literature music and art approaches to the environment and contemporary Zionism and Israel The handbook also includes an extensive bibliography to help orient readers to the most important and leading work in the field The Routledge Handbook of Judaism in the 21st Century is essential reading for students and researchers in religious studies and Jewish studies It will also be useful for those in related fields such as cultural studies literature sociology anthropology and history as well as Jewish professionals and lay leaders **The Oxford Guide to Contemporary World Literature** John Sturrock, 1997 opinion the Guide offers a discriminating and sometimes controversial view of a broad range of contemporary literatures Classical Thought Terence Irwin, 1989 Covering over 1000 years of classical philosophy from Homer to Saint Augustine this accessible comprehensive study details the major philosophies and philosophers of the period the Pre Socratics Socrates Plato Aristotle Stoicism Epicureanism and Neoplatonism Though the emphasis is on questions of philosophical interest particularly ethics the theory of knowledge philosophy of mind and philosophical theology Irwin includes discussions of the literary and historical background to classical philosophy as well as the work of other important thinkers Greek tragedians historians medical writers and early Christian writers The most complete one volume introduction to ancient philosophy available the book will be an invaluable survey for students of philosophy and classics and general readers
