Discipline Problems Tadashi Dozono, 2024-05-07 Angel a Black tenth grader at a New York City public school self identifies as a nerd and likes to learn But she s troubled that her history classes leave out events like the genocide and dispossession of Indigenous people in the Americas presenting a sugar coated image of the United States that is at odds with her everyday experience The history I learned in school is simpler she says The world I live in is a lot more complex Angel like every student interviewed in Discipline Problems has been identified by teachers as a troublemaker a student whose behavior disrupts classroom norms and interferes with instruction But her critiques of the curriculum she s taught speak to her curiosity and insight crucial foundations for understanding history Like many students who have been marginalized by systemic racism in American schools she exposes the shortcomings of her classrooms academic environments by challenging both the content and the methods of her education All too often these challenges are framed as troublemaking and the students are disciplined for acting out instead of being rewarded for their intellectual engagement Tadashi Dozono a professor of education and former high school social studies teacher takes seriously the often overlooked critiques that students of color who get labeled as troublemakers direct toward their high school history curriculum He reinterprets troublemaking usually cast as a behavioral deficit as an intellectual asset and form of reasoning that challenges the disciplining reason of classrooms where whiteness is valued over the histories and knowledge of people of color Dozono shows how what are traditionally framed as discipline problems can be seen through a different lens as responses to educational practices that marginalize non white students Discipline Problems reveals how students of color seek out alternate avenues for understanding their world and imagines a pedagogy that champions the curiosity intellect and knowledge of marginalized learners El-Hi Textbooks & Serials in Print, 2003 ,2003 **Atlas of Material Worlds**

Matthew Seibert, 2021-08-17 Atlas of Material Worlds is a highly designed narrative atlas illustrating the agency of nonliving materials with unique ubiquitous and often hidden influence on our daily lives Employing new materialism as a jumping off point it examines the increasingly blurry lines between the organic and inorganic engaging the following questions What roles do nonliving materials play Might a closer examination of those roles reveal an undeniable agency we have long overlooked or disregarded If so does this material agency change our understanding of the social structures ecologies economies cosmologies technologies and landscapes that surround us And perhaps most importantly why does material agency matter This is the story of the world s driest nonpolar desert pink flamingos and cerulean blue lithium ponds industrial shipping logistics pudding like jiggling substrates and monuments of mud galactic bodies radioactive sheep and the yellowcake of uranium Put simply this book dares readers to see the world anew from material up Atlas of Material Worlds offers this new relationship to our host environment in a time of mounting crises accelerating climate change ballooning socioeconomic inequality and rising toxic nationalism uniquely telling materialist stories for practitioners and students in
