The Theory of Knowledge Leonard Trelawny Hobhouse, 1896

Philosophy of Logical Systems Jaroslav Peregrin, 2019-11-11 This book addresses the hasty development of modern logic especially its introducing and embracing various kinds of artificial languages and moving from the study of natural languages to that of artificial ones This shift seemed extremely helpful and managed to elevate logic to a new level of rigor and clarity However the change that logic underwent in this way was in no way insignificant and it is also far from an insignificant matter to determine to what extent the new logic only engaged new and more powerful instruments to answer the questions posed by the old one and to what extent it replaced these questions with new ones Hence this movement has generated brand new kinds of philosophical problems that have still not been dealt with systematically Philosophy of Logical Systems addresses these new kinds of philosophical problems that are intertwined with the development of modern logic Jaroslav Peregrin analyzes the rationale behind the introduction of the artificial languages of logic classifies the various tools which were adopted to build such languages gives an overview of the various kinds of languages introduced in the course of modern logic and the motifs of their employment discusses what can actually be achieved by relocating the problems of logic from natural language into them and reaches certain conclusions with respect to the possibilities and limitations of this formal turn of logic This book is both an important scholarly contribution to the philosophy of logic and a systematic survey of the standard and not so standard logical systems that were established during the short history of modern logic

The Carpool Detectives Chuck Hogan,2025-07-29 The incredible true story of a group of moms who united by a search for new purpose attempt to solve a fifteen year old double murder An instant true crime classic Douglas Century author of The Last Boss of Brighton A lot of us like to think we could solve a mystery Can these four moms actually do it In 2020 Marissa Jeannie Samira and Nicole find themselves at a familiar crossroads when motherhood takes charge of their lives they begin grappling with their own identities Their thriving careers seem like a lifetime ago and as their children become more independent they struggle to find purpose But when they meet at a bowling night fundraiser for their kids school they discover a shared interest in true crime that crystalizes around a mysterious double homicide that took place in their hometown a decade earlier A couple in their 60s vanished overnight from their home and mysteriously shuttered their family business leaving millions of dollars unaccounted for Initially believed to have absconded with the money they went from suspects to victims when their bodies were discovered in their car at the bottom of a steep ravine And then the case turned cold But what if the moms could solve it What if they could bring a killer to justice and give closure to a grieving family The four women have no connection to the case and no law enforcement background but the determined group find themselves in incredible and often dangerous situations digging for evidence in prohibited ravines scouring potential crime scenes for blood splatter and sifting through pages and pages of dense police files As they get more and more entangled in this complex investigation they also find themselves in real danger and with information that could blow the case wide open An emotional and often terrifying odyssey through a DIY criminal investigation The Carpool Detectives is the ultimate wish fulfillment for any true crime fanatic an absolutely thrilling read for armchair sleuths and mystery fans alike **With My Last Breath**

Kaye Dobbie,2024-03-15 Emilia wants her husband back But are the dead best left undisturbed 1919 London WW1 has ended Eighteen months ago Emilia s journalist husband Owen Flett who was on assignment on the Western Front was reported missing presumed dead When she is drawn into attending a seance by medium Anna Ward Emilia meets the mysterious Dr

McIvor He claims he can bring Owen back to her Although Emilia does not accept such a thing is possible she wants so desperately to believe it that she agrees And then Owen returns Surely the timing was a coincidence and there must be a logical explanation At first just having him back is enough but as her joy recedes Emilia grows more and more puzzled by Owen s behaviour Why is he so different from the man she knew before Could the changes be explained by his experiences during the war or is it something more sinister Something she can barely bring herself to believe **Intensional Logic and Logical Grammar** L.T.F. Gamut,2020-09-15 Although the two volumes of Logic Language and Meaning can be used independently of one another together they provide a comprehensive overview of modern logic as it is used as a tool in the analysis of natural language Both volumes provide exercises and their solutions *Corsets and Brassieres* ,1927
