Love's Labour's Lost (Annotated) William Shakespeare, 2021-04-07 This book is written by William Shakespeare. Warning don't go reading this play looking for snazzy intricate plot. Instead read it for a prime example of Big Billy Shakespeare being a wordsmith. This play is all about the how not the what. The story's a bit thin but there's not a plot point in this play that isn't introduced, embellished, or concluded with a round of wordplay. The King of Navarre and his lords, Berowne, Longaville, and Dumain, meet and swear off food, women, and sleep in order to study for three years. Berowne, the most independent of the four friends, isn't so keen on this whole idea. Huh, wonder why. He reminds the King that the Princess of France is visiting on business. And what are they going to do for fun anyway? They'll be entertained by Armado, a Spanish soldier full of stories told in the bizarrely verbose style first introduced by a letter. He's tattling on the villager Costard for his entanglement with dairymaid Jaquenetta. The King sentences Costard to a week with only bread and water.

Four young men, one of them a king, withdraw from the world for three years, taking an oath that they will have nothing to do with women. The King of Navarre soon learns, however, that the Princess of France and her ladies are about to arrive. Although he

lodges them outside of his court all four men fall in love with the ladies abandoning their oaths and setting out to win their hands The laughter triggered by this story is augmented by subplots involving a braggart soldier a clever page illiterate servants a parson a schoolmaster and a constable so dull that he is named Dull Letters and poems are misdelivered confessions are overheard entertainments are presented and language is played with and misused by the ignorant and learned alike At a deeper level Love s Labor s Lost also teases the mind The men begin with the premise that women either are seductresses or goddesses The play soon makes it clear however that the reality of male female relations is different
