David Roy's celebrated translation of one of the most famous and important novels in Chinese literature *The Plum in the Golden Vase* or *Chin P'ing Mei* is an anonymous sixteenth century work that focuses on the domestic life of Hsi men Ch'ing a corrupt upwardly mobile merchant in a provincial town who maintains a harem of six wives and concubines The novel known primarily for its erotic realism is also a landmark in the development of the narrative art form not only from a specifically Chinese perspective but in a world historical context With the possible exception of *The Tale of Genji* 1010 and *Don Quixote* 1615 there is no earlier work of prose fiction of equal sophistication in world literature Although its importance in the history of Chinese narrative has long been recognized the technical virtuosity of the author which is more reminiscent of the Dickens of *Bleak House* the Joyce of *Ulysses* or the Nabokov of *Lolita* than anything in the earlier Chinese fiction tradition has not yet received adequate recognition This is partly because all of the existing European translations are either abridged or based on an inferior recension of the text This translation and its annotation aim to faithfully represent and elucidate all the rhetorical features of the original in its most authentic form and thereby enable the Western reader to appreciate this Chinese masterpiece at its true worth *PC Mag* ,1989-01-31 PCMag.com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology John Howard Payne Papers, 3-Volume Set Rowena McClinton,2022-11 This collection of John Howard Payne's Papers is a significant recovery of firsthand political and social histories of Indigenous cultures particularly the Cherokees a southeastern tribe whose ancestral lands included parts of the present day states of Georgia Alabama Tennessee and North Carolina The papers enable readers to understand how the Cherokees and many other American Indians endured and persevered as they encountered forced removal in the 1830s due to the Indian Removal Act The papers are also a source of cultural revitalization elucidating the work of Sequoyah a Cherokee genius who in 1821 introduced his syllabary a phonemic system with eighty five symbols John Howard Payne 1791-1852 an American actor poet and playwright was so taken by the Cherokees story that he lobbied Congress to forgo their removal and wrote articles in contemporary newspapers supporting Cherokees In 1835 Payne journeyed to the Cherokee Nation and met with John Ross Cherokee chief from 1828 to 1866 who found in Payne a colleague to assist him and other Cherokees with their cause against removal and in preserving their ancient social spiritual and political heritages Payne gathered and recorded correspondence between Cherokees such as Ross who was fluent in English and U.S. officials These papers include multiple correspondences ratified and unratified treaties contemporary newspaper articles and resolutions sent to Congress appealing for justice for the Cherokees Payne also assembled letters and writings by New England Congregationalist missionaries who resided in mission stations throughout the Cherokee Nation Available in print for the first time this remarkable repository of information provides a fuller understanding of the political climates Cherokees encountered throughout the early to mid nineteenth century
