

Before Getting Started.....

BEFORE STARTING YOUR UNIT

Important information

- Read the instruction manual before operating the unit for the first time. It contains important information on operation, safety, maintenance, service and warranty.
 - Keep this instruction manual for future reference.
 - Do not start a damaged unit.
 - The assembly and connection of the unit must be carried out according to the instructions. If they are not followed you run the risk of voiding the warranty.
1. The power cord is located in the rear of the unit.
 2. Do not allow contact between the unit and water.
 3. Do not cover the air discharge and air intake louvers of the unit.
 4. Proper venting of the air to the exterior is required at all times.

*The unit has casters to ease movement. If it is necessary to tilt the unit, it must first be emptied of water in the internal tank using the drain valve at the bottom of the unit.
See the section When transporting the unit or Storing the unit for the season.*
