Web Design As A Career, Interested in a career as a Web Designer Are you a naturally creative person who enjoys solving problems visually Whilst

becoming a Web Designer is really an exciting thing to consider there are so many questions that the new Web Designer might have What tools and programs do I need What sort of education do I need Is Web Designing all about coding Can I use Photoshop to create a website These questions are not usually addressed by the seasoned Web Designers out there and if we are to be honest there is very little information in the public domain to guide the new Web Designer In this short book and out of my own experience as a Professional Web Designer I introduce you to the fundamental concepts tools and learning paths for web design I define what it means to be a web designer the types of web designing and whether web design is the right career for you Along the way I also share exciting tips on what distinguishes good web design from bad web design and also share with you some of the most common mistakes you must avoid in these early stages If you want to get up and running fast start with this book Ready **The Web Designer's Roadmap** Giovanni Difeterici,2012 This full color book covers all the steps from initial inspiration to finished design It will make you a more professional web designer delivering outstanding results for your clients on each and every project Back cover **Integrated Web Design** Molly E. Holzschlag,2003 While conceptual in its approach this book draws on pragmatic examples within and without the Web design community to help readers directly apply its precepts This book begins by discussing artistic and technical concepts in Web design separately and then merges them together both conceptually and through examples
