Memo Geo November 2014 Caps:

Unconventional Lawmaking in the Law of the Sea Natalie Klein, 2022-03-07 Unconventional Lawmaking in the Law of the Sea explores the ways that actors operating at the international level develop standards of behaviour to regulate varied maritime activities beyond traditional lawmaking Other than conventions and customary international law there is a plethora of international agreements that influence international conduct This soft law or informal law is now prolific in ocean governance and so it is time to consider its significance for the law of the sea This monograph brings together women law of the sea scholars with expertise in specific areas of the law of the sea as well as international law more generally Informal lawmaking is examined in relation to ocean resources maritime security shipping and navigation and the marine environment In each instance there are reflections on the diverse actors processes and outputs shaping the regulation of the oceans The analyses in this book further consider what this activity means within the rules on the sources formation and interpretation of international law The growing reliance on informal agreements to fill legal gaps provides quick responses to pressing matters We must assess and understand these new forms of cooperation in order to influence existing treaties or customary international law Unconventional Lawmaking in the Law of the Sea surveys the scope of informal lawmaking in the law of the sea and evaluates the significance of this activity for the UN Convention on the Law of the Sea as well as for ocean governance more broadly now and in the future

Globalization Development and Social Justice Ann El Khoury, 2015-03-27 Are there existing alternatives to corporate globalization What are the prospects for and commonalities between communities and movements such as Occupy the World Social Forum and alternative economies Globalization Development and Social Justice advances the proposition that another globalization is not only possible but already exists It demonstrates that there are multiple pathways towards development with social justice and argues that enabling propositional agency rather than oppositional agency such as resistance is a more effective alternative to neoliberal globalization El Khoury develops a theory of infraglobalization that emphasizes creative constitution not just contestation of global and local processes The book features case studies and examples of diverse economic practice and innovative emergent political forms from the Global South and North These case studies are located in the informal social economy and community development as well as everyday practices from prefigurative politics to community cooperatives and participatory planning This book makes an important contribution to debates about the prospects for and practices of a transformative grassroots globalization and to critical debates about globalization and development strategies It will be of interest to students and scholars of international relations globalization social movement studies political and economic geography sociology anthropology and development studies

Inequality, Geography and Global Value Chains Jong Min Lee, J. Eduardo Ibarra-Olivo, Katuscia Lavoratori, Liang (Arthur) Li, 2023-04-24 This contributed volume provides theoretical and empirical insights into a variety of contemporary issues about inequality geography and global value chains in today's

world where global disruptions are prevalent globalization is being transformed and multinational enterprises MNEs are under pressure to promote sustainability Many challenges and tensions created by growing inequality within and between countries cities and individuals coupled with recent disruptions in the global economy beg important questions regarding the role of MNEs A valuable resource for scholars and students in international business the book provides a richer understanding of how MNE activities are being affected by the complex dynamics of the modern global business environment and discusses what strategies they need to implement in order to adapt to a changing world while accounting for the interests of a broader range of stakeholders

The Banisters of Rhode Island in the American Revolution Marian Mathison Desrosiers, 2020-12-25 When Thomas Banister fought for the British during the American Revolution his farm and business were confiscated He was exiled in far off Nova Scotia before he returned to a secluded life on Long Island His older brother John Banister married with a child swore allegiance to the United Colonies then witnessed the destruction of his Newport lands by the British Army Convinced British laws supported remuneration John left for England where he sought justice for four years His wife Christian Stelle Banister managed the family property and raised their son while the state threatened confiscation and the French Army lived in Newport Tracing the lives of three young Americans during the Revolution this study of the Banister family of Rhode Island contributes to an understanding of the war's effects on the lives of ordinary people

Climate Change from the Streets Michael Méndez, 2020-01-07 An urgent and timely story of the contentious politics of incorporating environmental justice into global climate change policy Although the science of climate change is clear policy decisions about how to respond to its effects remain contentious Even when such decisions claim to be guided by objective knowledge they are made and implemented through political institutions and relationships and all the competing interests and power struggles that this implies Michael Méndez tells a timely story of people place and power in the context of climate change and inequality He explores the perspectives and influence low income people of color bring to their advocacy work on climate change In California activist groups have galvanized behind issues such as air pollution poverty alleviation and green jobs to advance equitable climate solutions at the local state and global levels Arguing that environmental protection and improving public health are inextricably linked Méndez contends that we must incorporate local knowledge culture and history into policymaking to fully address the global complexities of climate change and the real threats facing our local communities

Land Fictions D. Asher Ghertner, Robert W. Lake, 2021-03-15 *Land Fictions* explores the common storylines narratives and tales of social betterment that justify and enact land as commodity It interrogates global patterns of property formation the disposessions property markets enact and the popular movements to halt the growing waves of evictions and land grabs This collection brings together original research on urban rural and peri urban India rapidly urbanizing China and Southeast Asia resource expropriation in Africa and Latin America and the neoliberal urban landscapes of North America and Europe Through a variety of perspectives *Land Fictions* finds resonances between

local stories of land's fictional powers and global visions of landed property's imagined power to automatically create value and advance national development Editors D Asher Ghertner and Robert W Lake unpack the dynamics of land commodification across a broad range of political spatial and temporal settings exposing its simultaneously contingent and collective nature The essays advance understanding of the politics of land while also contributing to current debates on the intersections of local and global urban and rural and general and particular Contributors Erik Harms Michael Watts Sai Balakrishnan Brett Christophers David Ferring Sarah Knuth Meghan Morris Benjamin Teresa Mi Shih Michael Levien Michael L Dwyer Heather Whiteside **Handbook on Cohesion Policy in the EU** Simona Piattoni, Laura

Polverari, 2016-08-26 This Handbook covers all major aspects of EU Cohesion policy one of the most significant areas of intervention of the European Union Over five parts It discusses this policy's history and governing principles the theoretical approaches from which it can be assessed the inter institutional and multi level dynamics that it tends to elicit its practical implementation and impact on EU member states its interactions with other EU policies and strategies and the cognitive maps and narratives with which it can be associated An absolute must for all students of the EU *How to Disappear* Akiko Busch, 2020-02-11 It is time to reevaluate the merits of the inconspicuous life to search out some antidote to continuous exposure and to reconsider the value of going unseen undetected or overlooked in this new world Might invisibility be regarded not simply as refuge but as a condition with its own meaning and power The impulse to escape notice is not about complacent isolation or senseless conformity but about maintaining identity autonomy and voice In our networked and image saturated lives the notion of disappearing has never been more alluring Today we are relentlessly encouraged even conditioned to reveal share and promote ourselves The pressure to be public comes not just from our peers but from vast and pervasive technology companies that want to profit from patterns in our behavior A lifelong student and observer of the natural world Busch sets out to explore her own uneasiness with this arrangement and what she senses is a widespread desire for a less scrutinized way of life for invisibility Writing in rich painterly detail about her own life her family and some of the world's most exotic and remote places she savors the pleasures of being unseen Discovering and dramatizing a wonderful range of ways of disappearing from virtual reality goggles that trick the wearer into believing her body has disappeared to the way Virginia Woolf's Mrs Dalloway finds a sense of affiliation with the world around her as she ages Busch deliberates on subjects new and old with equal sensitivity and incisiveness *How to Disappear* is a unique and exhilarating accomplishment overturning the dangerous modern assumption that somehow fame and visibility equate to success and happiness Busch presents a field guide to invisibility reacquainting us with the merits of remaining inconspicuous and finding genuine alternatives to a life of perpetual exposure Accessing timeless truths in order to speak to our most urgent contemporary problems she inspires us to develop a deeper appreciation for personal privacy in a vast and intrusive world **Wilted** Julie Guthman, 2019-08-20 Strawberries are big business in California They are the sixth highest

grossing crop in the state which produces 88 percent of the nation's favorite berry. Yet the industry is often criticized for its backbreaking labor conditions and dependence on highly toxic soil fumigants used to control fungal pathogens and other soilborne pests. In *Wilted*, Julie Guthman tells the story of how the strawberry industry came to rely on soil fumigants and how that reliance reverberated throughout the rest of the fruit's production system. The particular conditions of plants, soils, chemicals, climate, and laboring bodies that once made strawberry production so lucrative in the Golden State have now changed and become a set of related threats that jeopardize the future of the industry. **Congressional Record** United States.
