**British Agricultural Policy, 1912-36** Andrew Fenton Cooper, 1989 **Parliamentary Papers** Great Britain. Parliament. House of Commons, 1847 **Shattering** Cary Fowler, Patrick R. Mooney, 1990 It was through control of the shattering of wild seeds that humans first domesticated plants Now control over those very plants threatens to shatter the world's food supply as loss of genetic diversity sets the stage for widespread hunger Large scale agriculture has come to favor uniformity in food crops More than 7 000 U S apple varieties once grew in American orchards 6 000 of them are no longer available Every broccoli variety offered through seed catalogs in 1900 has now disappeared As the international genetics supply industry absorbs seed companies with nearly one thousand takeovers since 1970 this trend toward uniformity seems likely to continue and as third world agriculture is brought in line with international business interests the gene pools of humanity's most basic foods are threatened The consequences are more than culinary Without the genetic diversity from which farmers traditionally breed for resistance to diseases crops are more susceptible to the spread of pestilence Tragedies like the Irish Potato Famine may be thought of today as ancient history yet the U S corn blight of 1970 shows that technologically based agribusiness is a breeding ground for disaster Shattering reviews the development of genetic diversity over 10 000 years of human agriculture then exposes its loss in our lifetime at the hands of political and economic forces The possibility of crisis is real this book shows that it may not be too late to avert it **The Segregated Origins of Social Security** Mary Poole, 2006 The relationship between welfare and racial inequality has long been understood as a fight between liberal and conservative forces In *The Segregated Origins of Social Security* Mary Poole challenges that basic assumption Meticulously reconstructs **Monthly Catalog of United States Government Publications** United States. Superintendent of Documents, 1981 February issue includes Appendix entitled Directory of United States Government periodicals and subscription publications September issue includes List of depository libraries June and December issues include semiannual index Monthly Catalogue, United States Public Documents, 1979 **A Cold War In The Soviet Bloc** Sheldon Anderson, 2018-02-23 In *A Cold War in the Soviet Bloc* Sheldon Anderson uses recently declassified documents from Polish and East German communist party and foreign ministry archives to examine the interplay of national interests with the exigencies of communist party relations within the Soviet bloc during the Cold War Anderson explores how Polish East German relations were strained over the permanence of the Oder Neisse border the correct road to socialism German repatriation from Poland and trade policy he provides an inside account of the heated debates that seriously divided the Polish and East German communists Anderson delves into how and why the rift culminated in the return of the anti Stalinist Wladyslaw Gomulka in October 1956 and he delineates how the Polish East German conflict undermined the unity of the Soviet bloc on its most strategic flank In doing so he reveals the persistence of nationalism and ethnic prejudice in the former communist countries In this timely text Anderson pinpoints how nationalism has reemerged as

a powerful political force following the end of the Cold War With A Cold War in the Soviet Bloc Anderson markedly fills the gap in the existing scholarship on postwar relations between the countries of East Europe      **Gunnar Myrdal and America's Conscience** Walter A. Jackson,2014-07-02 Gunnar Myrdal s An American Dilemma 1944 influenced the attitudes of a generation of Americans on the race issue and established Myrdal as a major critic of American politics and culture Walter Jackson explores how the Swedish Social Democratic scholar policymaker and activist came to shape a consensus on one of America s most explosive public issues      The Inventors' Advocate, and Journal of Industry ,1839      The United States Catalog Supplement, July 1921-June 1924 Eleanor E.
