Presidential Leadership and National Security Richard S. Conley, 2017-10-31 This book assesses the foreign policy legacy of the Obama administration through the lens of national security and leadership Timely accessible chapters authored by leading scholars of presidential and international politics cover White House Cabinet relations Congress and War Powers challenges including the Iran nuclear deal ISIS and the closing of Guantanamo Bay drone strikes the New Cold War with Russia and the ways in which the Obama foreign policy legacy shaped the 2016 presidential election In particular the book explores the philosophical basis of counter terrorism strategy in the Obama administration and traces how precepts differed from the administration of George W Bush More generally the book contributes to an understanding of the distinctive interplay between the formal constitutional powers of the president and the use of informal executive powers in the quest for peace and security Finally the book surveys the challenges that Donald J Trump faces in the transition to the new presidential administration

Mapping Power Navroz K. Dubash, 2018-08-22 Electricity is critical to enabling India s economic growth and providing a better future for its citizens In spite of several decades of reform the Indian electricity sector is unable to provide high quality and affordable electricity for all and grapples with the challenge of poor financial and operational performance To understand why Mapping Power provides the most comprehensive analysis of the political economy of electricity in India s states With chapters on fifteen states by scholars of state politics and electricity this volume maps the political and economic forces that constrain and shape decisions in electricity distribution Contrary to conventional wisdom it concludes that attempts to depoliticize the sector are misplaced and could worsen outcomes Instead it suggests that a historically grounded political economy analysis helps understand the past and devise reforms to simultaneously improve sectoral outcomes and generate political rewards These arguments have implications for the challenges facing India s electricity future including providing electricity to all implementing government reform schemes and successfully managing the rise of renewable energy

Financial Integration in Latin America International Monetary Fund. Western Hemisphere Dept., International Monetary Fund. Monetary and Capital Markets Department, International Monetary Fund. Research Dept., International Monetary Fund. Legal Dept., 2016-04-03 Many Latin American economies have experienced significant reductions in growth recently as a result of the end of the commodity super cycle and the rebalancing of China s growth and a number of global banks have been leaving the region Although Latin American countries were generally less affected by the global financial crisis GFC than other regions the region continues also to suffer from the protracted sluggish growth in advanced economies In addition there has since 2008 been a withdrawal

of global banks from the region thus potentially worsening access to credit or reducing competition in the financial sector More broadly the GFC demonstrated that extreme economic volatility can originate from outside the region rather than internally as was the experience of the 1980s and 1990s **Minerals Yearbook** Mines Bureau, Geological Survey, Interior Department, 2015-05-15 The Minerals Yearbook is an annual publication that reviews the mineral and material industries of the United States and foreign countries The Yearbook contains statistical data on materials and minerals and includes information on economic and technical trends and development The Minerals Yearbook includes chapters on approximately 90 commodities and over 175 countries This volume of the Minerals Yearbook provides an annual review of mineral production and trade and of mineral related government and industry developments in more than 175 foreign countries Each report includes sections on government policies and programs environmental issues trade and production data industry structure and ownership commodity sector developments infrastructure and a summary outlook **Bulletin of the Atomic Scientists** , 1995-09
