Elly S Juxtapose:

Elly's Juxtapose Pauline Taylor, 2014-10 Some things need to be forgotten others cry to be uncovered When Eloise Smythe visits her aunt Tessa at Lake House it soon becomes apparent that her aunt is not alone in being glad for her company for in Lake House the past is running alongside the present and only Eloise holds the key that will make the spirits rest A fascinating story stretching from the Crusades to the present day Elly's Juxtapose follows the twists and turns of a love that will not die **Faulkner and Other Southern Writers** Hans H. Skei, 2004 **Contrapuntal in Integration** Lisa Olson Paddock, 2000-07-26 William Faulkner's three short story collections while lacking the more obvious structural characteristics of his other works which are novelistic or episodic in nature demonstrate the concept of contrapuntal in integration Paddock explores Faulkner's conception of counterpoint in these collections where the placement of the units and the contrast between them serve to create a separate experience from reading the individual stories The author explores the rationale for the structure of These 13 Doctor Martino and Other Stories and Collected Stories **Figurally Colored Narration** Wolf Schmid, 2022-04-04 Figurally colored narration FCN is narrator's discourse whether in the first or third person that adopts salient features of character's text mainly valuation and designation without signaling the figural part in any way Unlike free indirect discourse FCN does not refer to current acts of consciousness but to typical characteristic segments of the character's text There are two main modes of FCN contagion of the narrator's discourse with a character's text and the more or less ironical reproduction of a character's text in narrative discourse In the latter case the narrator's criticism may refer to either the content of the character's text or to its form of expression This study begins with a definition and an example of FCN as a narrative device followed by an analysis of terms used for FCN in German Anglophone and Russian literary criticism Building on the perception of FCN as a phenomenon of interference between narrator's and character's text text interference this book analyses the function and applications of FCN in narratives written in German English and Russian **Towards a Poetics of Literary Biography** Michael Benton, 2015-09-01 Drawing upon a wide range of biographies of literary subjects from Shakespeare and Wordsworth to William Golding and V S Naipaul this book develops a poetics of literary biography based on the triangular relationships of lives works and times and how narrative operates in holding them together Biography is seen as a hybrid genre in which historical and fictional elements are imaginatively combined It considers the roles of story telling factual data in the art of life writing and the literariness of its language It includes a case study of the biography of Ellen Terry discussion of the controversial relationship between a subject's life and works biographical criticism and through the issue of gender the social and cultural changes biographies reflect It frames a poetics on the basis of its strategy and tactics and demonstrates how the literal truth of verifiable data and the poetic truth of what is narrated are interdependent **Narrative Projections of a Black British History** Eva Ulrike Pirker, 2012-03-29 Since the mid 1990s the black experience in Britain has begun to be re negotiated intensely with a strong focus on history

Narrative Projections of a Black British History considers narratives that construct or engage with aspects of a black British history Part I poses the question of what sort of narratives have emerged from and in turn determine key events such as the iconic Windrush moment and developments and provides basic insights into theoretical frameworks It also offers a large number of comparative readings considering both factual and fictional forms of representation such as history books documentary films life writing novels and drama and identifies main strands official narratives and countercurrents Part II embarks on close readings and analyses of a selection of narratives that can be classed as reactions to the established historical culture Overall the book draws attention to collective currents and individual positions affirmative and critical approaches Together they form a representative image of a specific moment in the ongoing debate about a black British history American Studies in Scandinavia ,1974 *Analyzing Syntax through Texts* Elly van Gelderen,2017-12-04

Explores the momentous changes that have taken place in the Russian nationalism since Putin s return to the presidency

Representing Social Precarity in German Literature and Film Sophie Duvernoy,Karsten Olson,Ulrich Plass,2023-10-05 Using Germany as a national case study this volume examines the historical genesis of precarity its evolution from 19th century industrial modernity to the present and its reflections and reconfigurations in artistic production in particular with relation to work gender and sexuality Precarity is everywhere now sociologist Pierre Bourdieu declared almost thirty years ago Not only declining middle class standards of living but also debt drug addiction housing and food insecurity depression and deaths of despair are now being recognized as symptoms of the downward pull of social precarity Although these and similar ills have been attributed to neoliberal policies of deregulation privatization and willful neglect of the common good precarization has accompanied the booms and busts of industrial modernity from its beginnings *Representing Social Precarity in German Literature and Film* explores how German and Austrian literature film and social history have engaged with social precarity from the period of Romanticism and early industrialization to the present The chapters in this volume deal with precarity as both an objective phenomenon reflected in literary and filmic representations and as a subjective phenomenon that gives these representations their particular shape *Representing Social Precarity in German Literature and Film* opens new critical perspectives on diverse forms of lived precarity and their creative manifestations by reflecting on the history of capitalist modernity from the vantage points of weakness vulnerability marginality impoverishment and otherness Meadows' Italian and English Dictionary ,1883
