environment Four promising areas of activity for Blue Growth have been identified at European Union policy level including Aquaculture Renewable Energy offshore wind wave and tide Seabed Mining and Blue Biotechnology Work has started to raise the technological and investment readiness levels TRLs and IRLs of these prospective industries drawing on the experience of established maritime industries such as Offshore Oil and Gas Shipping Fisheries and Tourism An accord has to be struck between policy makers and regulators on the one hand anxious to direct research and business incentives in effective and efficient directions and developers investors and businesses on the other anxious to reduce the risks of such potentially profitable but innovative investments The EU H2020 MARIBE Marine Investment for the Blue Economy funded project was designed to identify the key technical and non technical challenges facing maritime industries and to place them into the social and economic context of the coastal and ocean economy MARIBE went on to examine with companies real projects for the combination of marine industry sectors into multi use platforms MUPs The purpose of this book is to publish the detailed analysis of each prospective and established maritime business sector Sector experts working to a common template explain what these industries are how they work their prospects to create wealth and employment and where they currently stand in terms of innovation trends and their lifecycle The book goes on to describe progress with the changing regulatory and planning regimes in the European Sea Basins including the Caribbean where there are significant European interests The book includes Experienced chapter authors from a truly multidisciplinary team of sector specialisms First extensive study to compare and contrast traditional Blue Economy with Blue Growth Complementary to EU and National policies for multi use of maritime space **Consumer Health Informatics** Catherine Arnott Smith, Alla

Keselman, 2020-12-14 An engaging introduction to an exciting multidisciplinary field where positive impact depends less on technology than on understanding and responding to human motivations specific information needs and life constraints Betsy L Humphreys former Deputy Director National Library of Medicine This is a book for people who want to design or promote information technology that helps people be more active and informed participants in their healthcare Topics include patient portals wearable devices apps websites smart homes and online communities focused on health Consumer Healthcare Informatics Enabling Digital Health for Everyone educates readers in the core concepts of consumer health informatics participatory healthcare health and e health literacy user centered design information retrieval and trusted information resources and the ethical dimensions of health information and communication technologies It presents the current state of knowledge and recent developments in the field of consumer health informatics The discussions address tailoring information to key user groups including patients consumers caregivers parents children and young adults and older adults For example apps are considered as not just a rich consumer technology with the promise of empowered personal data management and connectedness to community and healthcare providers but also a domain rife with concerns for effectiveness privacy and security requiring both designer and user to engage in critical thinking around their choices This book s unique contribution

to the field is its focus on the consumer and patient in the context of their everyday life outside the clinical setting Discussion of tools and technologies is grounded in this perspective and in a context of real world use and its implications for design There is an emphasis on empowerment through participatory and people centered care *The Soul of Discipline* Kim John Payne, 2021-02-02 In this groundbreaking book parenting expert and acclaimed author of the bestselling book *Simplicity Parenting* Kim John Payne M Ed flips the script on children s challenging or defiant behavior and lays out an elegantly simple plan to support parents in establishing loving age sensitive boundaries that help children feel safe and settled In short What looks like misbehavior is actually your children s signal that they re feeling lost that they are trying to find direction and looking to you to guide them back on course Payne gives parents heartwarming help and encouragement by combining astute observations with sensitive and often funny stories from his long career as a parent educator and a school and family counselor In accessible language he explains the relevance of current brain and child development studies to day to day parenting Breaking the continuum of childhood into three stages Payne says that parents need to play three different roles each corresponding to one of those stages to help steer children through their emotional growth and inevitable challenging times The Governor who is comfortably and firmly in charge setting limits and making decisions for the early years up to around the age of eight The Gardener who watches for emotional growth and makes decisions based on careful listening assisting tweens in making plans that take the whole family s needs into account The Guide who is both a sounding board and moral compass for emerging adults helping teens build a sense of their life s direction as a way to influence healthy decision making Practical and rooted in common sense *The Soul of Discipline* gives parents permission to be warm and nurturing but also calm and firm not overreactive It gives clear doable strategies to get things back on track for parents who sense that their children s behavior has fallen into a troubling pattern And best of all it provides healthy direction to the entire family so parents can spend less time and energy on outmoded punitive discipline and more on connecting with and enjoying their kids Advance praise for *The Soul of Discipline* *The Soul of Discipline* offers practical tools for helping parents implement discipline that s respectful and effective but the book is so much more Kim John Payne offers a framework to guide parents in making decisions about why when and how to hold tighter reins as we build skills in our children and why when and how to loosen the reins as we scaffold freedom Tina Payne Bryson Ph D co author of *No Drama Discipline* This book gets deep inside the challenge of getting along with children and teens and thinks deeply about what they need from us to become strong and self managing It elevates discipline to what it should be a caring process of helping kids orient to the world and live in it happily and well Steve Biddulph author of *The New Manhood* Kim Payne provides a useful model for choosing our parenting stance Governor Gardener or Guide depending on the situation Most powerfully Payne begins with the radical view that children are not disobedient but rather disoriented The upshot of this shift in perspective is that discipline is about helping children orient themselves effectively not about controlling or chastising Lawrence J Cohen Ph D
