

How To Assemble & Use

IMPORTANT: Always ensure that your floor sanitizer is **'UNPLUGGED'** from the wall receptacle prior to initial filling and before attaching the ultra-microfiber pad to the base of the floor sanitizer. **Never** use the floor sanitizer without the ultra-microfiber pad attached to the base.

Always let the floor sanitizer cool for at least 5 minutes before removing the ultra-microfiber pad before emptying the water tank.

1. Remove all the parts from the packaging.
2. Insert the handle into the tube pivot of the main unit.
3. Place one of the ultra-microfiber pads on the bottom of the floor sanitizer. Make sure that the ultra-microfiber pad is firmly attached to the bottom of the floor sanitizer. (Fig. 1)
4. Place the floor sanitizer on the floor protector pad and open the filling cap.
5. With the help of the filling flask, pour 1 cup of water (8 oz.) into the unit. (Do not overfill.) Replace filling cap when finished. (Fig. 2)

(Fig. 1)

(Fig. 2)

6. Plug the floor sanitizer into a standard 120 volt grounded wall receptacle.
7. Press the On/Off button to turn your floor sanitizer on. The power 'On' light will light up. It takes the unit approximately two - three (2-3) minutes to heat up.
8. When there is no more water in the water tank, the empty light (red) will go on.
9. To refill the water tank, turn your floor sanitizer off and unplug from the electrical wall outlet and let the floor sanitizer cool for 30 seconds. Then remove the filling cap and pour in the water.
10. When you have finished using the floor sanitizer, turn it "Off" and wait until the floor sanitizer cools down for approximately five (5) minutes before removing the ultra-microfiber pad from the base. Please note that the ultra-microfiber pad gets very hot with the steam.
11. Never leave the ultra-microfiber pad on your floor sanitizer when you have finished using the floor sanitizer. Always remove the ultra-microfiber pad and wash in warm water with a mild detergent. Never use bleach or fabric softener when cleaning the ultra-microfiber pad. The ultra-microfiber pad can be washed in a washing machine and dried in a clothes dryer, but on low heat. We recommend that you air dry for 24 hours but it could also be dried in a clothes dryer on a low heat setting.

WARNING: Colors may bleed during first wash. Be careful when machine washing or drying with mixed fabrics as micro-fiber cloths will pick up lint from other fabrics.
