

HP Advantage Series HP Compaq LA2306x 23-inch WLED Backlit LCD Monitor

The new evolution of displays has arrived

Introducing an expansive Full High Definition¹ WLED backlit monitor with a thin profile, extensive comfort adjustability, and impressive durability.

Bigger just got better

The extra large, yet slender 23-inch diagonal full HD¹ widescreen display on the HP Compaq LA2306x is sure to bring almost any view to life. And the soft black design seemingly vanishes into the background so you can focus on the vibrant imagery on the WLED (White LED) backlit panel. But there is more to this expansive monitor than a sizeable, modern, body. Other innovative components of this monitor include:

- **Full HD resolutions¹, a 1M:1 DCR, a 170° wide viewing angle,** and fast **5ms response times** for precise views of work or play²
- A **slider stand** with an extensive **130mm height range** that adjusts high for those who are taller in stature or low and close to the desk for students and multi-focal lens wearers
- **35° of tilt adjustability** helps provide clear views of many different angles
- **90° pivot rotation** makes long text easy to read with less need to scroll
- **Swivel** makes sharing your screen as simple as a quick turn of the head
- **VGA, DVI-D, and DisplayPort inputs** provide a wide range of advanced connectivity options
- A **built-in two port USB hub** puts flash stick data at hand
- **VESA compatibility** provides a wide range of mounting solutions
- **Display Assistant** for custom picture quality, theft deterrence, and energy savings enablement

Helping you "Go Green" with White LEDs

The LA2306x has features that can help make a positive impact on the environment as well as your business.

First, because it is a WLED panel, it does not contain mercury, thus eliminating the concern over the use of the element. So when the time comes to replace your monitor, you can feel good about your responsible recycling efforts.

Next, WLEDs are small, solid state components, so the monitor is not only thin and light, but it is more robust than previous CCFL monitors.

Finally, as WLED technology evolves and becomes more widespread in more industries, CCFL monitors will simply be left in the dark.

Other responsible features of the LA2306x include:

- An EPEAT[®] Gold registration³
- An ENERGY STAR[®] qualification
- A TCO Displays certification
- Arsenic-free display glass⁴
