Journeys Too Far Away:

The Planets Are Very, Very, Very Far Away: A Journey Through the Amazing Scale of the Solar System Mike Vago, 2024-02-27 The solar system unfolds before your eyes in this cheeky myth busting book grounded in real math Quick Picture the solar system Do you see nine planets on tidy rings around the Sun Then you have been lied to It's not without reason We have to draw the solar system that way to fit it on a place mat or a lunch box or into an ordinary book But that familiar diagram is wrong about almost everything and so this is no ordinary book Seven double gatefold pages open out not once but twice capturing our planetary neighbors at scale At a 100 000 000 000 to 1 scale the Sun is about the size of a dime And five feet away from the Sun we find Earth the size of a pinhead A hundred billion to one scale is not nearly small enough to fit our solar system into a book or onto a soccer field How small do we need to go Unfold the next three spreads to find out

How This Book Came About This book is in some sense the soul underlying an earlier book that I had written a book about modern science which had the title The Search for the Meaning of Space Time and Matter The book was written for people with interest in modern science It had the subtitle Images from Many Travels The subtitle of that earlier book and the final decision to write it had its origin in a restless wanderlust which in the last twenty years has driven me irresistibly to travel to the most remote places on earth I traveled into the Arctic the waters between North Norway and Svalbard to Tibet over the plateau to the foot of Mount Everest to North India to the remote monasteries in the Ladakh along the Silk Road around the Taklimakan Desert into Inner Asia to Timbuktu at the edge of the Sahara to the Antarctic and to the Skeleton Coast in Namibia These journeys were driven by the urge to somehow grasp the whole world and make it my own It was the Brahma in me who is creating a world in himself in his mind It is Odysseus in me Faustus the restless forever searching until his life dissolves I had to wander the many roads that all led to the same place that vastly complex unfolding essence of Being in all its colors and textures and shapes I had to go and see this wonderful tapestry of life that is of deep inner beauty even in its squalor its suffering and pain and the dirty ugliness that I saw on some of these travels I had to wander to fully accept all that life is into myself to feel at home on the earth That same kind of yearning had driven me in my youth to discover the mysteries of space of time and of matter After WWII at age sixteen I had acquired rudimentary knowledge of Heisenberg s and Einstein s attempts to create that all encompassing unified theory that captures the observed phenomena of space and the world of the elementary building blocks of matter A sort of obsession to learn all that is known about these things 8 Kai Woehler accompanied me on my journey to study physics spending some years in Heisenberg s institute and eventually after circuitous routes teaching physics at a graduate school for military officers at the California coast The above mentioned book then is somewhat of an amalgam of these two kinds of journeys during my life Many dear nonscientist friends took an interest in that book and I recommended to them to just read the first and the last chapters which carry more of my personal reflections about our lives in this cosmos The final impetus to write this separate book which is in your hands was the fact that as an orderly circumspect person I had put my worldly affairs in order sometime ago under the title The Kai X File containing instructions for the executer of my will in the case of my departure This file contains a letter which was to be my farewell letter to my closer friends to be sent instead of some standard obituary notice The file contains many other writings some short others not so short reflections about my life writings which did not have a good place in that first book mentioned above This then led to this book It is a collection of thoughts essays some poems of my own some other poems that were important to me some of them German poems which I have translated into English as I could some dreams that had great meaning in my life The above mentioned farewell letter is now at the very end of this second book The items in each chapter were collected over a span of time and there are themes to which I returned often So there are some duplications of Kai s sayings in this book but I will leave them as they are and hope you understand I am somewhat arbitrarily terminating the

collection now while I am still here and reasonably coherent and I will share this collection with you my friends when there is a good time for this And just a *Travels not far from home* Aubin St. Helier,1860 [Danni Gu Collection:Return from a Contrary Journey](#) Danni Gu, **Journey of Duty and Fate** Janet Cesanek,2023-09-29 The fifth in the on going Journey series Journey of Duty and Fate follows our adventurers as they battle not only to keep themselves and their friends safe But also to save the reputation of being helpers in the realm This adventure not only threatens their lives but their very hearts as well *Nurturing Journey's from Both Sides of the Veil* Virginia Ozue Seibert,2009-11 THIS SIDE OF THE VEIL SEIBERT S CAFE Arthur owned a cafe in LaGrange Texas He is a successful business man in a small German town in the Fifties but life is never simple OUR BLESSING Our sweet baby was greatly desired We took her home full of happiness and love What happened along the way changed my outlook on life forever NO MORE SECRETS Mother s hip was shattered A Strong woman she saw beauty everywhere She waved but was it Hello or Goodbye THE OTHER SIDE OF THE VEIL RUTH AND MARGARET Their Shared Journal of Secrets Two sisters from Ireland came to America They share their secrets from 1836 forward secrets dark and shameful They never lost sight of what kept them together JOHN S TESTIMONY Born a slave John embarked on a journey to freedom while trying to stay true to himself Did he succeed Take his trip Whether you believe in Heavenly Father Christ the Gifts of the Holy Ghost the Oneness or Spirit we are all traveling a bumpy road in this life This road is rife with pot holes unmarked curves and mirages How we perceive the value of the obstacles along the way makes us who we are Be mindful for the personality memories and love that we share with others on this side of the veil goes with us when we travel to the other side Some of the paths in this book reflect the journeys on this earth plane while others reflect the recollections and life lessons as told by spirits from the other side Notice if you see yourself My hope is that that you will identify and reflect upon your own personal journeys as you get to know Arthur Ozue and her mother and Beloved Mother and Granny From This side of the veil and Ruth Margaret and John From The Other Side who have so much to share with you All of us have a path that is uniquely ours but paths cross and it is up to us individually what we choose to collect as souvenirs from those intersections This book is a caution light Stop or Go Hope or Despair It s up to you Which will you take Home with you Virginia Ozue Seibert was born in Houston Texas and received her nursing degree in 1986 A psychiatric nurse for many years she knows the value of journaling and introspection She has long written stories of her family from this side of the veil as a record for her children and grandchildren Recently a near death experience reminded her of the close connection between both sides of the veil Since then she has been on a quest a journey if you will to rediscover the innate intuitive well inside her This book is a result of loved ones from both sides of the veil sharing hope and love Now retired Ginger as she is known by family and friends travels between Colorado and Florida writing about and exploring truths both seen and unseen *Man vs Ocean - One Man's Journey to Swim The World's Toughest Oceans* Adam Walker,2017-01-05 Adam Walker is not your everyday record breaking sportsman He took on arguably the toughest extreme sport on the planet

to swim non stop across seven of the world s deadliest oceans wearing only swim trunks cap and goggles It is not a test for the faint hearted In 2007 Adam then a toaster salesman was inspired by a film about a man attempting to change his life by swimming the English Channel to try to emulate the feat After a year of rigorous training without a coach Adam achieved his goal in 11 hours 35 minutes despite a ruptured bicep tendon leading to medical advice to give up long distance swimming In 2011 after two operations and a change to his swimming style to take pressure off his injured shoulder he became the first Briton to achieve a two way crossing from Spain to Morocco and back In the process he broke the British record one way Shortly afterwards the Ocean s Seven challenge was born a gruelling equivalent to the Seven Summits mountaineering challenge At first it seemed that injury would prevent Adam from participating but ignoring medical advice he developed an innovative technique the Ocean Walker stroke that would enable him to continue with the ultimate aim of completing this seemingly impossible feat Whether man would triumph over ocean or fail in the attempt forms the core of this extraordinary autobiography Always intriguing sometimes terrifying and occasionally very funny Adam s story is about sport in its truest form rather than competitions between teams and individuals it is about man against nature and against his own failings and demons In that it is truly inspirational **The Life Journey of a Missionary's Son** Albert E Barnes,2012-05-25 This book covers a large variety of subjects ranging from personal stories to anecdotes of eight American presidents to the investigation of the death of four NASA astronauts to an encounter with a Russian Prime Minister to inspirational subjects to exploring why we are on this planet There are inspiring discussions of Gods existence dreams that forecast the future stories of a haunted house prayers that are answered how we fit in the universe a chapter on addictions and much much more
