L Homme De Cour:

Publishing The Prince Jacob Soll, 2010-03-11 As new ideas arose during the Enlightenment many political thinkers published their own versions of popular early modern absolutist texts and transformed them into manuals of political resistance As a result these works never achieved a fixed and stable edition Publishing The Prince illustrates how Abraham Nicolas Amelot de La Houssaye created the most popular late seventeenth and eighteenth century version of Machiavelli's masterpiece In the process of translating Amelot also transformed the work altering its form and meaning and his ideas spread through later editions Revising the orthodox schema of the public sphere in which political authority shifted away from the crown with the rise of bourgeois civil society in the eighteenth century Soll uses the example of Amelot to show for the first time how the public sphere in fact grew out of the learned and even royal libraries of erudite scholars and the bookshops of subversive not so polite publicists of the republic of letters Jacob Soll is Associate Professor of History at Rutgers University Cover art courtesy of Annenberg Rare Book Room and Manuscript Library University of Pennsylvania Jacket Design Stephanie Milanowski Jacob Soll traces the origins of Enlightenment criticism to the practices of learned humanists and hard pressed literary entrepreneurs This learned and lively book is also a tour de force of historical research and interpretation Anthony Grafton author of *Cardano's Cosmos* and *Bring Out Your Dead* Brilliant How the printed page changed political philosophy into investigative reporting and reason of state into the unmasking of power J G A Pocock author of *The Machiavellian Moment* Soll's path breaking study is a must read for all those interested in the history of political thought and early modern intellectual history Barbara Shapiro University of California Berkeley Soll has done Amelot and his context justice writing as he does with a clear singular and welcome voice Margaret C Jacobs *American Historical Review*

, Won in Translation Roger Chartier, 2022-05-24 In Won in Translation Roger Chartier one of the world's leading historians of books publishing and reading considers the mobility of the early modern text and the plurality of circulating versions of the same work The agent for both is translation for through their lexical aesthetic and cultural decisions translators always assign new meaning or new status to what they translate Won in Translation proceeds by way of four case studies three dedicated to works originally in Spanish the fourth to a Portuguese dramatic adaptation of *Don Quixote* Bartolom de Las Casas *Brev sima relaci n de la destruic i n de las Indias* first printed in 1552 was a powerful instrument for the construction of what was later called the black legend of Spanish monarchy Baltasar Graci n's *Or culo Manual* published in 1647 became the most famous courtier's manual in Europe Both traveled more widely and were translated more often than any other books of their era For Chartier they illustrate the great power of translation which allowed Las Casas' account to be placed in multiple and successive contexts and enabled Graci n's book to take on a range of meanings it had not originally had Chartier's next two chapters are devoted to plays one by Lope de Vega the other by Ant nio Jos da Silva In the case of Lope's *Fuente Ovejuna* the translation was one from historical chronicle to dramatic performance In Ant nio Jos da Silva's

Vida do Grande D Quixote the textual migration is twofold as Cervantes hero moves from Spanish to Portuguese and from novel to play In an Epilogue Chartier moves three centuries forward to consider the paradox that it is the absolute immobility of the text reinvented word for word that creates its mobility in Jorge Luis Borges fiction Pierre Menard Author of the Quixote Works are transformed through changes of genre or language to be sure but even when the texts remain fixed their readers give them different or inverted meaning

La Rochefoucauld and the Seventeenth-century Concept of the Self Vivien Thweatt,1980

A History of Silence Alain Corbin,2018-05-29 Silence is not simply the absence of noise It is within us in the inner citadel that great writers thinkers scholars and people of faith have cultivated over the centuries It characterizes our most intimate and sacred spaces from private bedrooms to grand cathedrals those vast reservoirs of silence Philosophers and novelists have long sought solitude and inspiration in mountains and forests Yet despite the centrality of silence to some of our most intense experiences the transformations of the twentieth century have gradually diminished its value Today raucous urban spaces and a continual bombardment from different media pressure us into constant activity We are losing a sense of our inner selves a process that is changing the very nature of the individual This book rediscovers the wonder of silence and with this a richer experience of life With his predilection for the elusive Corbin calls us to listen to another history

Renaissance Rhetoric Short-title Catalogue 1460-1700 Lawrence D. Green,James Jerome Murphy,2006-01-01 The most accurate inventory of Renaissance rhetoric yet attempted this substantially revised and expanded volume provides a complete list of the printed sources for study of the pervasive influence of rhetoric on Renaissance culture It includes 1 717 authors and 3 842 rhetorical titles in 12 325 printings published in 310 towns and cities by 3 340 printers and publishers from Finland to Mexico prior to 1700 The catalogue is presented in alphabetical order by author surnames with place printer date and library locations for each publication An extensive

introduction explores the state of bibliography in Renaissance rhetoric today Family, Culture and Society in the Diary of Constantijn Huygens Jr, Secretary to Stadholder-King William of Orange Rudolf M. Dekker, 2013-06-15 Based on analysis of a diary kept by Constantijn Huygens Jr the secretary to Stadholder King William of Orange this book proposes a new explanation for the invention of the modern private diary in the 17th century At the same time it sketches a panoramic view of Europe at the time of the Glorious Revolution and the Nine Years War recorded by an eyewitness The book includes chapters on such subjects as the changing perception of time book collecting Huygens s role as connoisseur of art belief in magic and witchcraft and gossip and sexuality at the court of William and Mary Finally this study shows how modern scientific ideas developed by Huygens s brother Christiaan Huygens changed our way of looking at the world around us

Select Proceedings of the European Society of International Law, Volume 4, 2012 Mariano J Aznar, Mary E Footer, 2016-01-28 This is the fourth in the Series of Select Proceedings of the European Society of International Law ESIL featuring the most important and interesting papers presented at the Fifth Biennial Conference on Regionalism and International Law organised by ESIL and the University of Valencia in 2012 As usual the best papers from that conference have been re written edited and drawn together by the two editors to present a perspective on what is a flourishing forum for the discussion of new ideas and scholarship on international law **Exile, Imprisonment, Or Death** Julian Swann, 2017 On the accession of Louis XIII in 1610 following the assassination of his father the Bourbon dynasty stood on unstable foundations For all of Henri IV s undoubted achievements he had left his son a realm that was still prey to the ambitions of an aristocracy that possessed independent military force and was prepared to resort to violence and vendetta in order to defend its interests and honour To establish his personal authority Louis XIII was forced to resort to conspiracy and murder and even then his authority was constantly challenged Yet a little over a century later as the reign of Louis XIV drew to a close such disobedience was impossible Instead a simple royal command expressing the sovereign s disgrace was sufficient to compel the most powerful men and women in the kingdom to submit to imprisonment or internal exile without a trial or an opportunity to justify their conduct abandoning their normal lives leaving families careers offices and possessions behind in obedience to their sovereign To explain that transformation this volume examines the development of this new politics of disgrace why it emerged how it was conceptualised the conventions that governed its use and reactions to it not only from the perspective of the monarch and his noble subjects but also the great corporations of the realm and the wider public Although that new model of disgrace proved remarkably successful influencing the ideas and actions of the dominant social elites it was nevertheless contested and the critique of disgrace connects to the second aim of this work which is to use shifting attitudes to the practice as a means of investigating the nature of Old Regime political culture and some of the dramatic and profound changes it experienced in the years separating Louis XIII s dramatic seizure of power from the French Revolution **Host Bibliographic Record for Boundwith Item Barcode 30112002644547 and Others** , 1864

Masculine Virtue in Early Modern Spain Shifra Armon, 2016-03-03 *Masculine Virtue in Early Modern Spain* extricates the history of masculinity in early modern Spain from the narrative of Spain's fall from imperial power after 1640. This book culls genres as diverse as emblem books, poetry, drama, courtesy treatises, and prose fiction to restore the inception of courtiership at the Spanish Hapsburg court to the history of masculinity. Refuting the current conception that Spain's political decline precipitated a crisis of masculinity, *Masculine Virtue* maps changes in figurations of normative masculine conduct from 1500 to 1700. As Spain assumed the role of Europe's first modern centralized empire, codes of masculine conduct changed to meet the demands of global rule. Viewed chronologically, Shifra Armon shows Spanish conduct literature to reveal three axes of transformation. The ideal subject, gendered male in both practice and law, became progressively more adaptable to changing circumstances, more intensely involved in currying his own public image, and more desirous of achieving renown. By bringing recent advances in gender theory to bear on normative rather than non-normative masculinities of early modern Spain, Armon is able to foreground the emergence of energizing new models of masculine virtue that continue to resonate today.

Portrait of the King Louis Marin, 1988-02-12 *Bibliotheca Pinelliana. A Catalogue of the Magnificent and Celebrated Library of Maffei Pinelli, Late of Venice: Comprehending an Unparalleled Collection of the Greek, Roman, and Italian Authors, from the Origin of Printing ... a Considerable Number of Curious Greek and Latin Manuscripts, of the 11. 12. 13. 14. 15. and 16. Centuries; ... on Monday March 2, 1789, and the Twenty-two Following Days, (Sunday Excepted); ... at the Great Room, Opposite the Chapel, in Conduit Street, Hanover Square, London ... Catalogues to be Had of Mess. Robson and Clarke, Booksellers New Bond Street; Mr. Edwards, Booksellers, Pall Mall; and of the Principal Booksellers Throughout Europe* Maffeo Pinelli, 1789

A new and general biographical dictionary: containing an historical, critical, and impartial account of the lives and writings of the most eminent persons in every nation in the world ... A new edition, etc, 1795

A New and General Biographical Dictionary, 1793 *Making Publics in Early Modern Europe* Bronwen Wilson, Paul Yachnin, 2011-07-21 The book looks at how people, things, and new forms of knowledge created publics in early modern Europe and how publics changed the shape of early modern society. The focus is on what the authors call making publics: the active creation of new forms of association that allowed people to connect with others in ways not rooted in family rank or vocation but rather founded in voluntary groupings built on shared interests, tastes, commitments, and desires of individuals. By creating new forms of association, cultural producers and consumers challenged dominant ideas about just who could be a public person, greatly expanded the resources of public life for ordinary people in their own time, and developed ideas and practices that have helped create the political culture of modernity. Coming from a number of disciplines including literary and cultural studies, art history, history of religion, history of science, and musicology, the contributors develop analyses of a range of cases of early modern public making that together demonstrate the rich inventiveness and formative social power of artistic and intellectual publication in this period.
