populaires de Vilar ont aussi rendu légitime ce qui était jusqu'alors considéré comme illégitime l'intervention publique en matière artistique. Enfin ses innovations ont rendu possible ce qu'on croyait impossible : la rencontre réussie effective avec un large public. Ce livre retrace la genèse du TNP de Vilar, présente les révoltes qu'il a opérées en rompant avec le code bourgeois de la sortie au théâtre, analyse l'impact des innovations institutionnelles qu'il a forgées et mises en place durant ses douze années de direction du TNP de 1951 à 1963. En choisissant des bâtiments parfois violents que le TNP a suscités autour de l'idée de théâtre populaire et soulevant la question des effets emancipateurs de la culture, ce livre montre que la réalisation de l'idéal de démocratisation de la culture est possible et s'attache en comprendre les conditions de possibilité.

Humanités Numériques Jawhar Jammoussi, coll., 2020-06-25

A travers cet ouvrage scientifique nous recherchons pour poser la question l'évolution des outils et moyens produits par la révolution numérique sur nos formes et pratiques de vie quotidienne la lumière de la nouvelle société en réseau tout en ouvrant la porte une réflexion sur les méthodes et pratiques liées à l'utilisation et au développement des outils numériques dans les sciences humaines sociales et philosophiques. Patrimoine audiovisuel, cinéma, photographique, artistique, théâtral, musical, marketing et dans les sciences des technologies du design. Il est devenu difficile aujourd'hui de déterminer dans quelle mesure la numérisation affecte l'humanité et de identifier les défis de l'humanité numérique dans notre société actuelle. La question doit être traitée en profondeur sous ses angles divers et interdits : social, humain, culturel, philosophique, artistique, technologique, voire juridique et ce sont de nouvelles pistes qui ont tous conduit à dessiner une nouvelle image de l'existence sociale à la numérique. Il est important pour nous dans nos études publiées dans ce livre de paramétriser l'image future de l'homme avec une vision réaliste multidimensionnelle et critique sans tomber dans le piège ni de la peur de l'inconnu et de l'avenir ni de l'imagination du changement et du développement dans une pure fiction qui promet le bien-être et la bonté de l'homme. Nous nous soucions de l'expérience humaine dans son historique et son avenir. Nous craignons que l'Internet, les réseaux sociaux, les technologies informatiques et les normes basées sur les données contribuent à donner naissance à une nouvelle expérience humaine en rupture avec son évolution historique. Les questions abordées par les auteurs de ce livre collectif se articulent autour des huit axes suivants : La question de la transformation des processus de circulation des savoirs ; Les systèmes d'information et les enjeux de la numérisation documentaire ; L'évolution de l'image numérique à l'époque contemporaine ; Les transmutations de l'espace social en espace numérique ; L'heure de la digitalisation impose-t-elle un nouveau régime social ? Les apports de la numérique dans le domaine du design et les pratiques des arts de quelle manière se dessine le design relié à la nouvelle technologie ? Patrimoine et humanité numérique ; Une évolution dans la communication ; une évolution dans la citoyenneté ; L'impact du virtuel sur le social ; L'humanité numérique est-elle un simple label ou une nouvelle définition de la société contemporaine ? Des universitaires et des spécialistes dans les domaines de la gouvernance de l'Internet, de la cybersécurité, des sciences humaines, des sciences sociales, philosophiques et politiques, du droit de la communication, de la communication de l'organisation et de la gestion de la protection des systèmes d'information, des

sciences et techniques scientifiques et techniques des arts de la musique du théâtre de la médiation culturelle des sciences et des technologies de la coopération et de la paix contribuent cet ouvrage. Et le droit international Les articles contribuant à la composition de ce travail de groupe ont fait l'objet d'une valuation scientifique par un comité scientifique spécial composé d'universitaires de Tunisie, Liban, Egypte, Irak, Algérie, Maroc, Emirats Arabes Unis, France et Canada Jawhar Jammoussi.

Groupe de Recherche sur L'image dans le Monde Hispanique, 2006 **La culture politique romaine** Anne Gangloff, 2024-06-05 Comment les habitants de l'Empire romain apprenaient-ils le pouvoir impérial aux trois premiers siècles de notre ère. En quoi consistaient leurs attentes vis-à-vis de celui-ci ? L'ouvrage présente le cadre conceptuel et historiographique puis analyse les principales différences entre la culture politique républicaine et la culture politique impériale : la figure de l'empereur, la diffusion des idées politiques dans l'Empire et la constitution d'une pensée politique grâce à la romaine, l'expression de la loyauté envers le pouvoir impérial et les formes de sa contestation. La notion de culture politique désigne à la fois la connaissance et l'expérience que tout un chacun peut avoir d'un système politique ainsi qu'une nouvelle approche du politique qui se distingue dans les sciences politiques centrée sur les formes d'expression du pouvoir, notamment symboliques et sur la communication entre gouvernants et gouvernés, traversant rituels pratiques et morielles et dias. Ce manuel destiné aux étudiants comme aux enseignants propose pour la première fois une étude des principaux aspects de la culture politique de l'Empire romain occidental et oriental avec pour objectif l'analyse de la nature des liens entre les habitants de l'Empire et une figure du pouvoir politique la fois proche et lointaine.

Anamorphoses décadentes Isabelle Krzywkowski, 2002 Runit des études examinant la manière selon laquelle la fin du XIX^e siècle a inventé son héritage littéraire et artistique. Elles offrent une lecture esthétique et critique de la décadence qui met en résonance les motifs et les enjeux qui la constituent par le croisement des arts : étude de la presse et de l'édition de l'époque.

Chacune des trois œuvres est analysée dans un chapitre en lien avec le théâtre. Tous les repères utiles pour aborder ces œuvres figurent au début des trois premiers chapitres : chronologie, structure de l'ouvrage, éléments de biographie. Un chapitre de synthèse permet de cerner l'ampleur des enjeux affrontés au théâtre de l'année en cours, appuyant sur les trois œuvres et en présentant un tableau récapitulatif. Chaque chapitre se base sur des outils complémentaires extraits de textes, éléments de bibliographie, citations courtes pour vous aider à nourrir votre réflexion et enrichir vos copies. Une proposition de traitement permettra de mieux apprendre les attentes des jurys.
