## La Ligne Bleue Des Vosges:

La ligne bleue Jean-Paul Gay, 2004 , **The Return of Alsace to France, 1918-1939** Alison Carrol, 2018-05-30 In 1918 the end of the First World War triggered the return of Alsace and Lorraine to France after almost fifty years of annexation into the German Empire Enthusiastic crowds in Paris and Alsace celebrated the return of the lost provinces but return proved far more difficult than expected Over the following two decades politicians administrators industrialists cultural elites and others grappled with the question of how to make the region French again Differences of opinion emerged and reintegration rapidly descended into a multi faceted struggle as voices at the Parisian centre the Alsatian periphery and outside France s borders offered their views on how to introduce French institutions and systems into its lost borderland Throughout these discussions the border itself shaped the process of reintegration by generating contact and tensions between populations on the two sides of the boundary line and by shaping expectations of what it meant to be French and Alsatian **Borderland** is the first comprehensive account of the return of Alsace to France which treats the border as a driver of change It draws upon national regional and local archives to follow the difficult process of Alsace s reintegration into French society culture political and economic systems and legislative and administrative institutions It connects the microhistory of the region with the macro levels of national policy international relations and transnational networks and with the cross border flows of ideas goods people and cultural products that shaped daily life in Alsace as its population grappled with the meaning of return to France In revealing the multiple voices who contributed to the region s reintegration it underlines the ways in which regional populations and cross border interactions have forged modern nations **Die Landschaft interpretieren: Interdisziplinäre Ansätze** Werner Kreisel, Peter H. Marsden, Tobias Reeh, 2021 There is no generally valid recognised definition of what landscape actually is On the basis of its relatedness to the environment to aesthetics territory society politics economics geography planning ethnology and philosophy the concept of landscape is considered to be a composite notion shaped by a thousand years of Central European ideas and of literary and art history In other words the very term landscape is ambiguous and it is used in different ways both in the scholarly world and everyday speech The aim of this volume is to present various possible approaches to the phenomenon of landscape Far from laying any claim to be exhaustive or comprehensive we have simply tried to do justice to the overarching interdisciplinary approach of the Zentrum f r Landschaftsinterpretation und Tourismus ZELT Centre for Landscape Interpretation and Tourism by singling out and addressing individual instances of this fascinating multifaceted phenomenon Le journal du Colonel, Officier d'ordonnance du Maréchal Lyautey Joseph Pélier, *Journal Des Instituteurs Et Des Institutrices* , 1916 *The Life and Music of Gérard Grisey* Jeffrey Arlo Brown, 2023 The first biography of the composer Gérard Grisey shows how the artist s sensuality and rigor came together to form the musical genre known as spectralism The French composer Gérard Grisey 1946-98 changed the course of music history with his small but potent output Labeled spectral music his compositions looked to

the physics of sound and the capacities of human perception for material and inspiration Born in Belfort Grisey was the son of a French Resistance veteran turned car mechanic and a homemaker His first instrument was as humble as his background the accordion But Grisey rose from his provincial background to the heights of his profession This first biography of Grisey traces his journey from rigid Catholicism to broader mysticism his studies in Olivier Messiaen's legendary composition class the development of the first spectral works in the 1970s Grisey's stint teaching at the University of California at Berkeley during which he suffered severe depression the development of his late post spectral style and his untimely death at the age of 52 shortly after completing his masterpiece on death the Four Songs for Crossing the Threshold Drawing on original archival research interviews with more than fifty of Grisey's colleagues friends and lovers and the study of previously overlooked sketches this biography shows the delirium and form at the heart of Grisey's life and art the structured sensuality that allowed him to revolutionize the music of the twentieth century La Bête de Brocéliande Jean-Claude

Cappelli, 2013-03-18 Premier novembre 2012 Samain nouvel an des druides et des Celtes la forêt de Brocéliande est ravagée par une bête monstrueuse A ce moment précis Laura Trotel participe un stage animé par Luc de la Garde chaman et psychothérapeute Savie va irrémédiablement basculer La Bête de Brocéliande est bien plus qu'un simple roman A travers la découverte bien réelle des lieux aventureux de la forêt mythique nous cheminons sur les sentiers d'une quête initiatique authentique

**D'un Montmartre l'autre** Dominique Chauvat, François Pédron, 2006 **Charles de Gaulle's Legacy of Ideas**

Benjamin M. Rowland, 2011-08-16 The essays in this volume examine selected national regional European and international policies of Charles de Gaulle giving consideration to their significance in his own time and today Not everything de Gaulle did withstands the test of time Nor obviously was everything beyond criticism in his own time Nonetheless a main finding in the words of one essayist is that de Gaulle had an uncanny sense of where history was going and the skill to position his country accordingly De Gaulle also stands as a testament to the power of individuals in history a somewhat unfashionable viewpoint in modern university curriculums Today when France's destiny appears increasingly to depend on structures and institutions beyond its national control including a Europe weakened by the sovereign debt crisis and a global economic system accountable to no one it seems timely to reconsider the record of the twentieth century's greatest Frenchman whose skill at dealing with the problems of his time can inspire today's generation of politicians and statesmen **'Inquiétude' in the**

**work of Pierre Mac Orlan** Roger W. Baines, 2021-10-25 This is the first major study in English of the work of the French novelist essayist journalist poet and chansonnier Pierre Mac Orlan 1882-1970 It assesses Mac Orlan's contribution to the post 1918 phenomenon of intellectual disillusionment and disorientation which was termed the nouveau mal du siècle or inquiétude Although he has largely been ignored by critics thus far Mac Orlan was part of mainstream French literary production and a major exponent of inquiétude Where he differs from his contemporaries is in his subject matter in his use of sociological rather than abstract intellectual material His expression of inquiétude encompasses the fantastique social adventure

marginality le cafard and sadistic sexuality His originality lies in his invention of le fantastique social in his constant use of certain techniques as well as the subject matter of German Expressionism via the depiction of the disturbing landscape of the modern city post 1918 inflation and decadence prostitutes and criminals doomed adventurers the mystery of modern technology and in the expression of a morbid interest in sexual violence This volume will be of particular interest to students of inter war French literature and thought **Concept and Form, Volume 2** Knox Peden, Peter Hallward, 2012-12-12

into conflict No war was fought for less purpose or with greater slaughter than the First World War which in Michael St rmer s assured hands arrives as the next to last act of an epic drama all the more tragic for the blazing brilliance of its opening scenes Though the drama s final horrible act the Second World War takes place offstage from The German Empire it is impossible to understand its origins without the history Michael St rmer tells here with such elegance and insight
