Queen's Apprentice Joseph F. Patrouch, 2010 This study seeks to examine a number of themes relating to the roles of the women's court of the central European Habsburgs These include its role in helping consolidate their holdings in central Europe and the Holy Roman Empire and structure their relations with the rest of Europe *The Jacobites and the Grand Tour* Jérémy Filet, 2025-04-22 In the first monograph to fully examine the intersecting networks of Jacobites and travellers to the continent Filet considers how small states used official diplomacy and deployed soft power embodied by educational academies to achieve foreign policy goals This work uses little known archival materials to explain how and why certain small states secretly supported the Jacobite cause during the crucial years surrounding the 1715 rising while others stayed out of Jacobite affairs At the same time the book demonstrates how early modern small states sought to cultivate good relations with Britain by attracting travellers as part of a wider trend of ensuring connections with future diplomats or politicians in case a Stuart restoration never came This publication therefore brings together a study of Britain small states Jacobitism and educational travel in its nexus at continental academies **Heart of Europe** Peter H. Wilson, 2016-04-04 The Holy Roman Empire lasted a thousand years far longer than ancient Rome Its continuity rested on the ideal of a unified Christian civilization As Peter Wilson shows the Empire tells the story of Europe better than histories of individual nation states and its legacy can be seen today in debates over the nature of the European Union

**Philippe de Vigneulles and the Art of Prose Translation** Catherine M. Jones, 2008 The cultural agenda of Philippe de Vigneulles translator of the Lorraine epic cycle into Middle French prose Over fifty chansons de geste were reworked into prose between the fourteenth and sixteenth centuries for patrons and audiences who demanded updated de rhymed versions of heroic songs While most prose translations were commissioned by noble patrons Philippe de Vigneulles 1471 1527 a cloth merchant of Metz operated outside the system of patronage on self imposed projects with a pronounced civic bias His translation of the monumental Lorraine epic cycle into Middle French prose afforded him an opportunity to reconfigure the city's legendary past and validate the concerns of a prosperous merchant class The craft of mise en prose is examined in the context of the author's larger cultural agenda as he weaves the epic legend into his civic personal and aesthetic preoccupations This perspective illuminates a previously neglected sphere of medieval literary production revealing fundamental assumptions about the epic tradition and the power of prose in urban culture CATHERINE M JONES is Associate Professor of French and Provençal at the University of Georgia **Philip the**

**Good** Richard Vaughan, 2002 Philip who ruled from 1419 to 1467 was one of the most powerful and influential rulers of the fifteenth century. Forced into an alliance with the English, he soon found that he held the balance of power between England and France. Reflected in the final crucial phase of the Hundred Years War, Under Philip the Good, grandson of the founder of the duchy, its power Burgundy reached its apogee. Professor Vaughan portrays not only Philip the Good himself, perhaps the most attractive personality among the four great dukes, but the workings of the court and of one of the most efficient if not necessarily the most popular administrations in fifteenth century Europe. The complex diplomatic history of Philip the Good's long ducal reign, 1419-1467, occupies much of the book, in particular Burgundy's relations with England and France. The central theme is Philip the Good's policy of territorial and personal aggrandisement which culminated in his negotiations with the Holy Roman Emperor for a crown. And due attention is given to the great flowering of artistic life in Burgundy which made Philip's court at Dijon an important cultural centre in the period immediately preceding the Renaissance. All this is based on the close study of the considerable surviving archives of Philip's civil service and on the chronicles and letters of the period. Philip the Good provides a definitive study of the life and times of the ruler whose position and achievements made him the greatest magnate in Europe during what has been called the Burgundian century. *The Navy and Government in Early Modern France, 1572-1661* Alan James, 2004 The role of the navy as an instrument of royal power in France, C16-C17, with a reappraisal of Richelieu's performance as Grand Master of Navigation. *Transactions* Franco-Scottish Society, Scottish Branch, 1909 Vol includes proceedings of the Anniversary meeting. **Syllabus of a Course of Eighty-seven Lectures on Modern European History (1600-1890)** Henry Morse Stephens, 1899 Traité de l'origine des ducs et duché de Brabant ... avec une réponse aux Vindices de Ferrand pour les fleurs de lis de France Jean Baptiste de VADDÈRE, 1784 *Catalogue* Baltimore Peabody inst, libr, 1883 **Chronique des ducs de Brabant** Edmundus de Dynter, 1860 *Chronique des ducs de Brabant* Edmundus van Dynter, 1860 A General Catalog of Books Offered to the Public at the Affixed Prices Bernard Quaritch (Firm), 1882 **Histoire des Ducs de Guise** Amour Louis Charles René de Marquis Bouillé du Chariol, 1849 **Histoire des Ducs de Guise** René de Bouillé, 1849
